THE O

STOP

Look at this book.
We made it for us, for WHS.
WHS is how you feel it.
It's good, bad, absurd.
This book, this place,
Isn't just pictures of scenes.
It's pictures of what people do,
What people feel

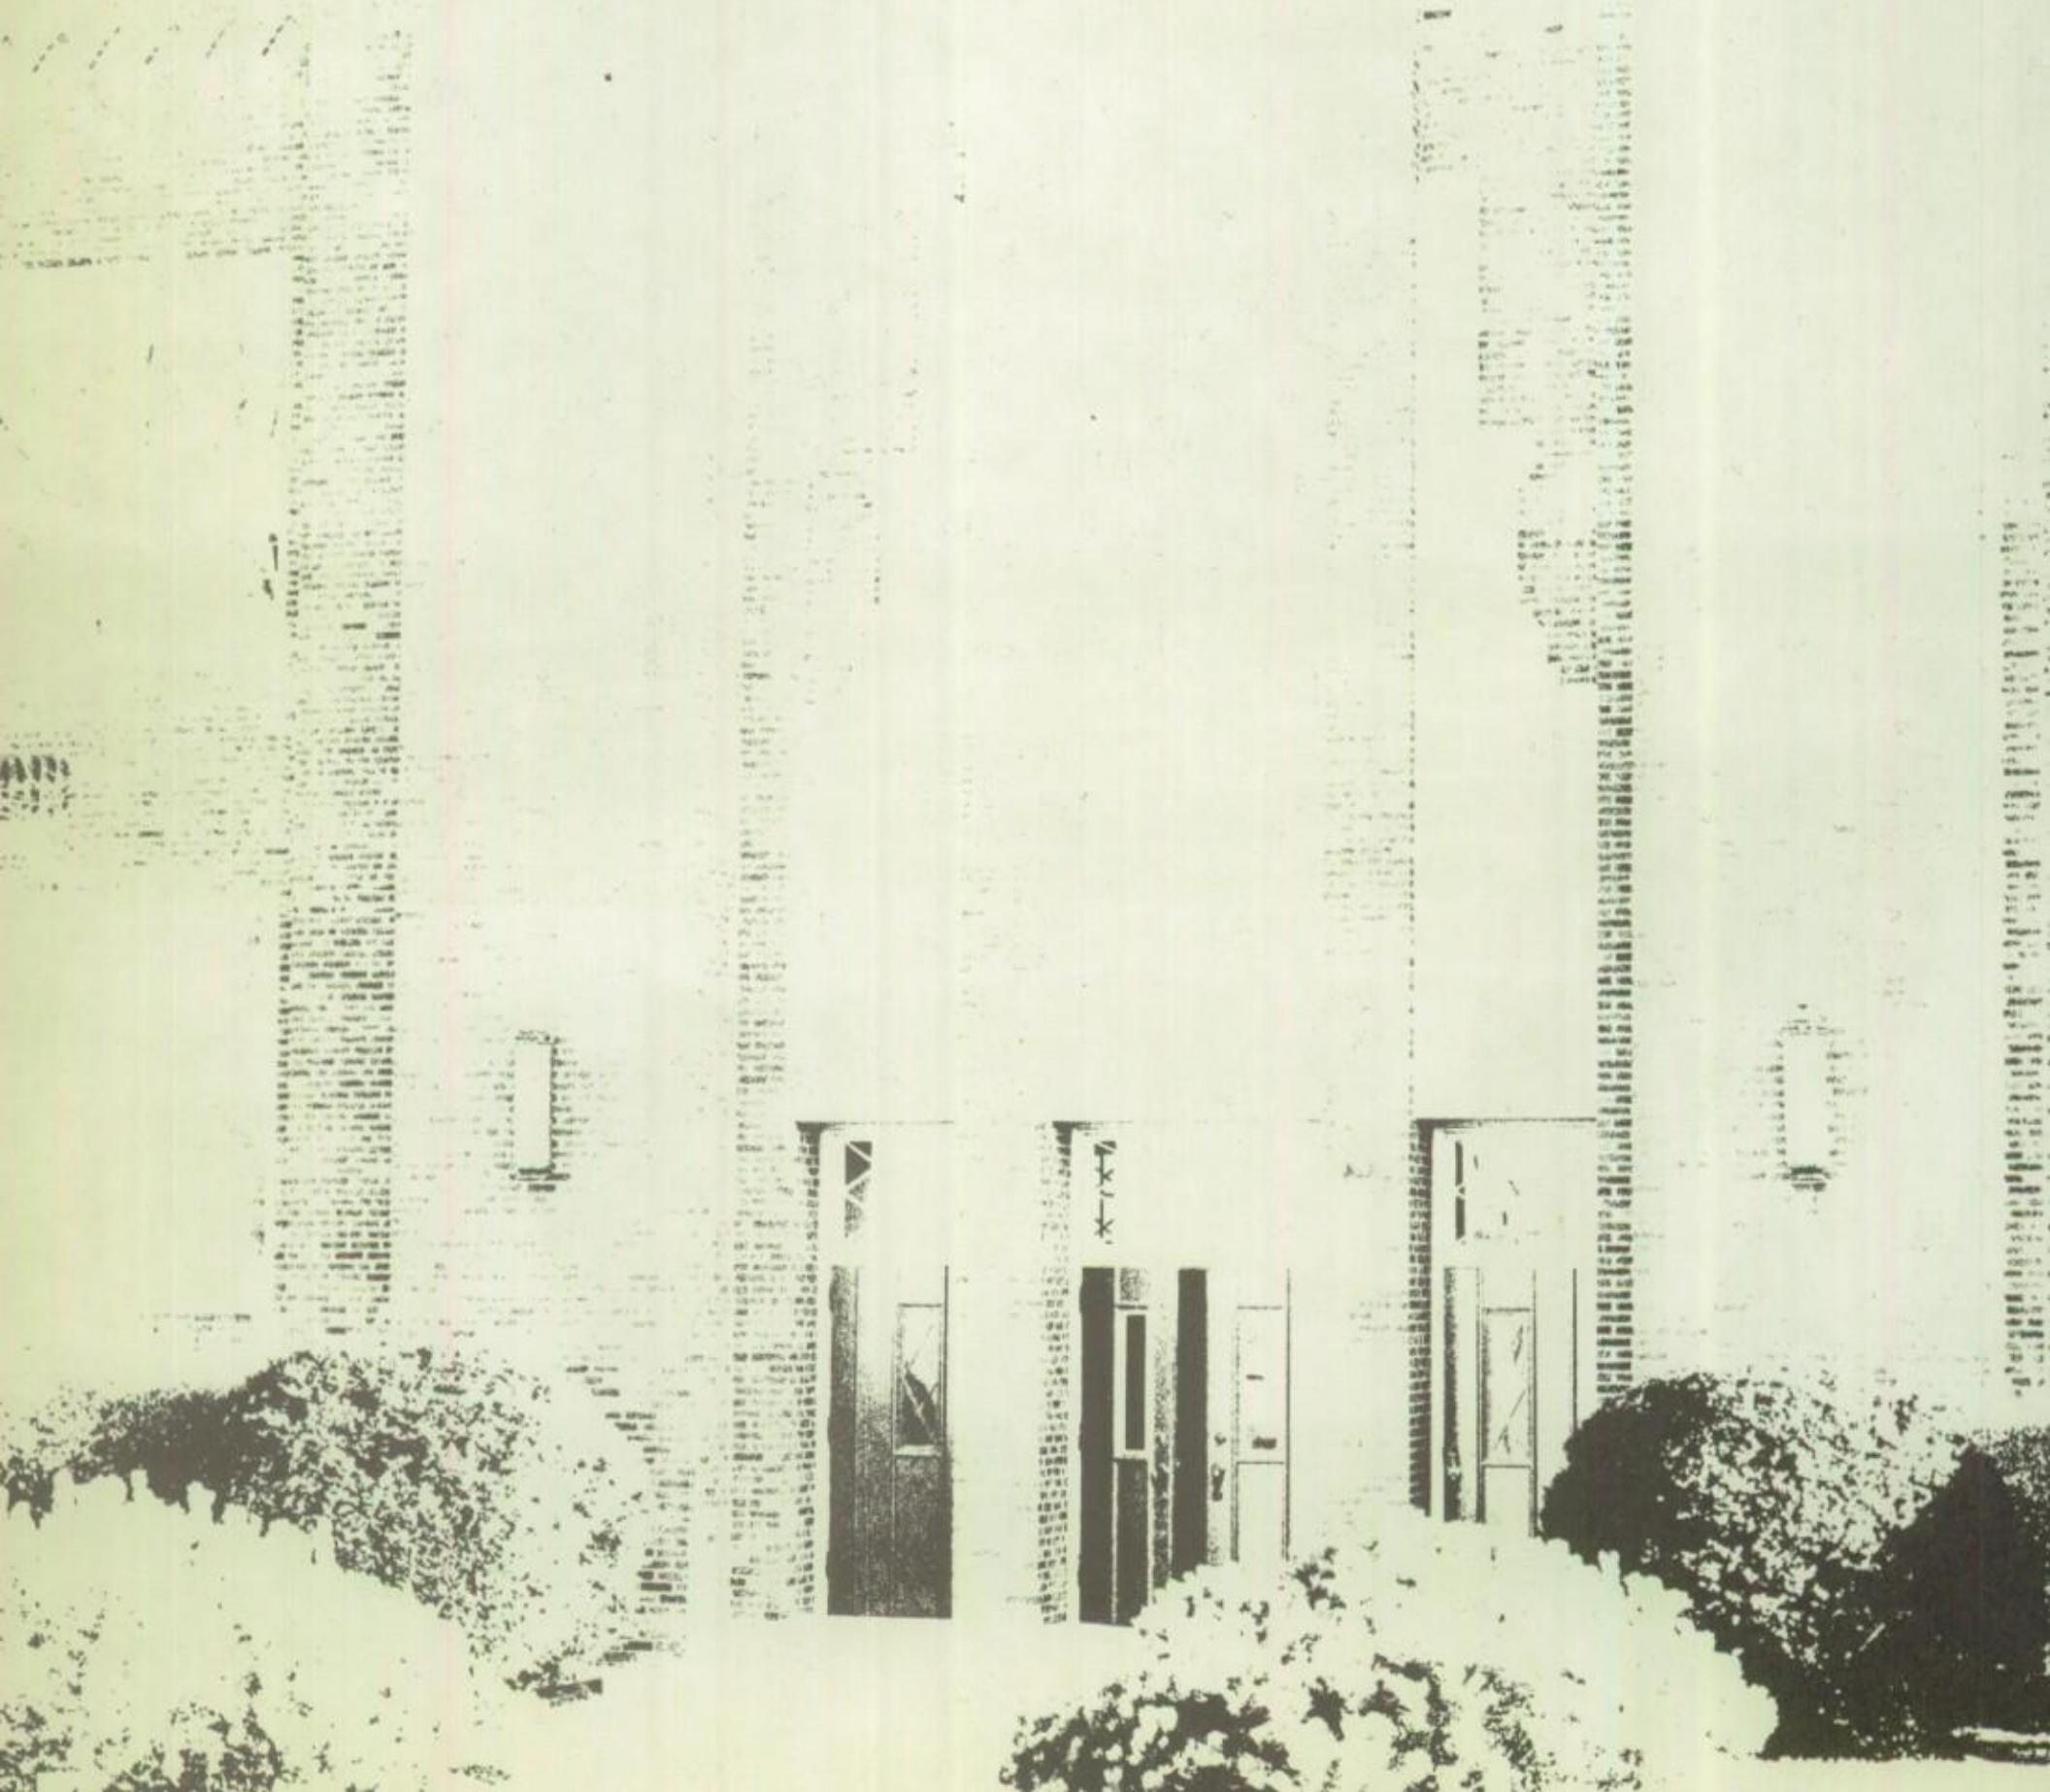

What people experience.
You're in it.
You're it

A NEW LIST OF SAINTS FOR THE CLASS OF 1970

With St. Valentine's full quiver
his arrows make the mark.
He's been unmasked as love giver
in the matters of the heart.
St. Nicholas is still around
you'll be pleased to know.
He is great as can be found,
and as pure as the snow.
Could be we need a few new saints
to help us keep our place.
What about St. Agnew
and the political race.
St. McCartney now is dead they say.
To him the faithful often pray.
Don't forget St. Doctor Spock
and St. Joplin queen of rock.
To crown this list of new-found saints
and make it everlasting,
St. Elmer Gall for our numerous complaints,
St. James Barnes for his history blasting.

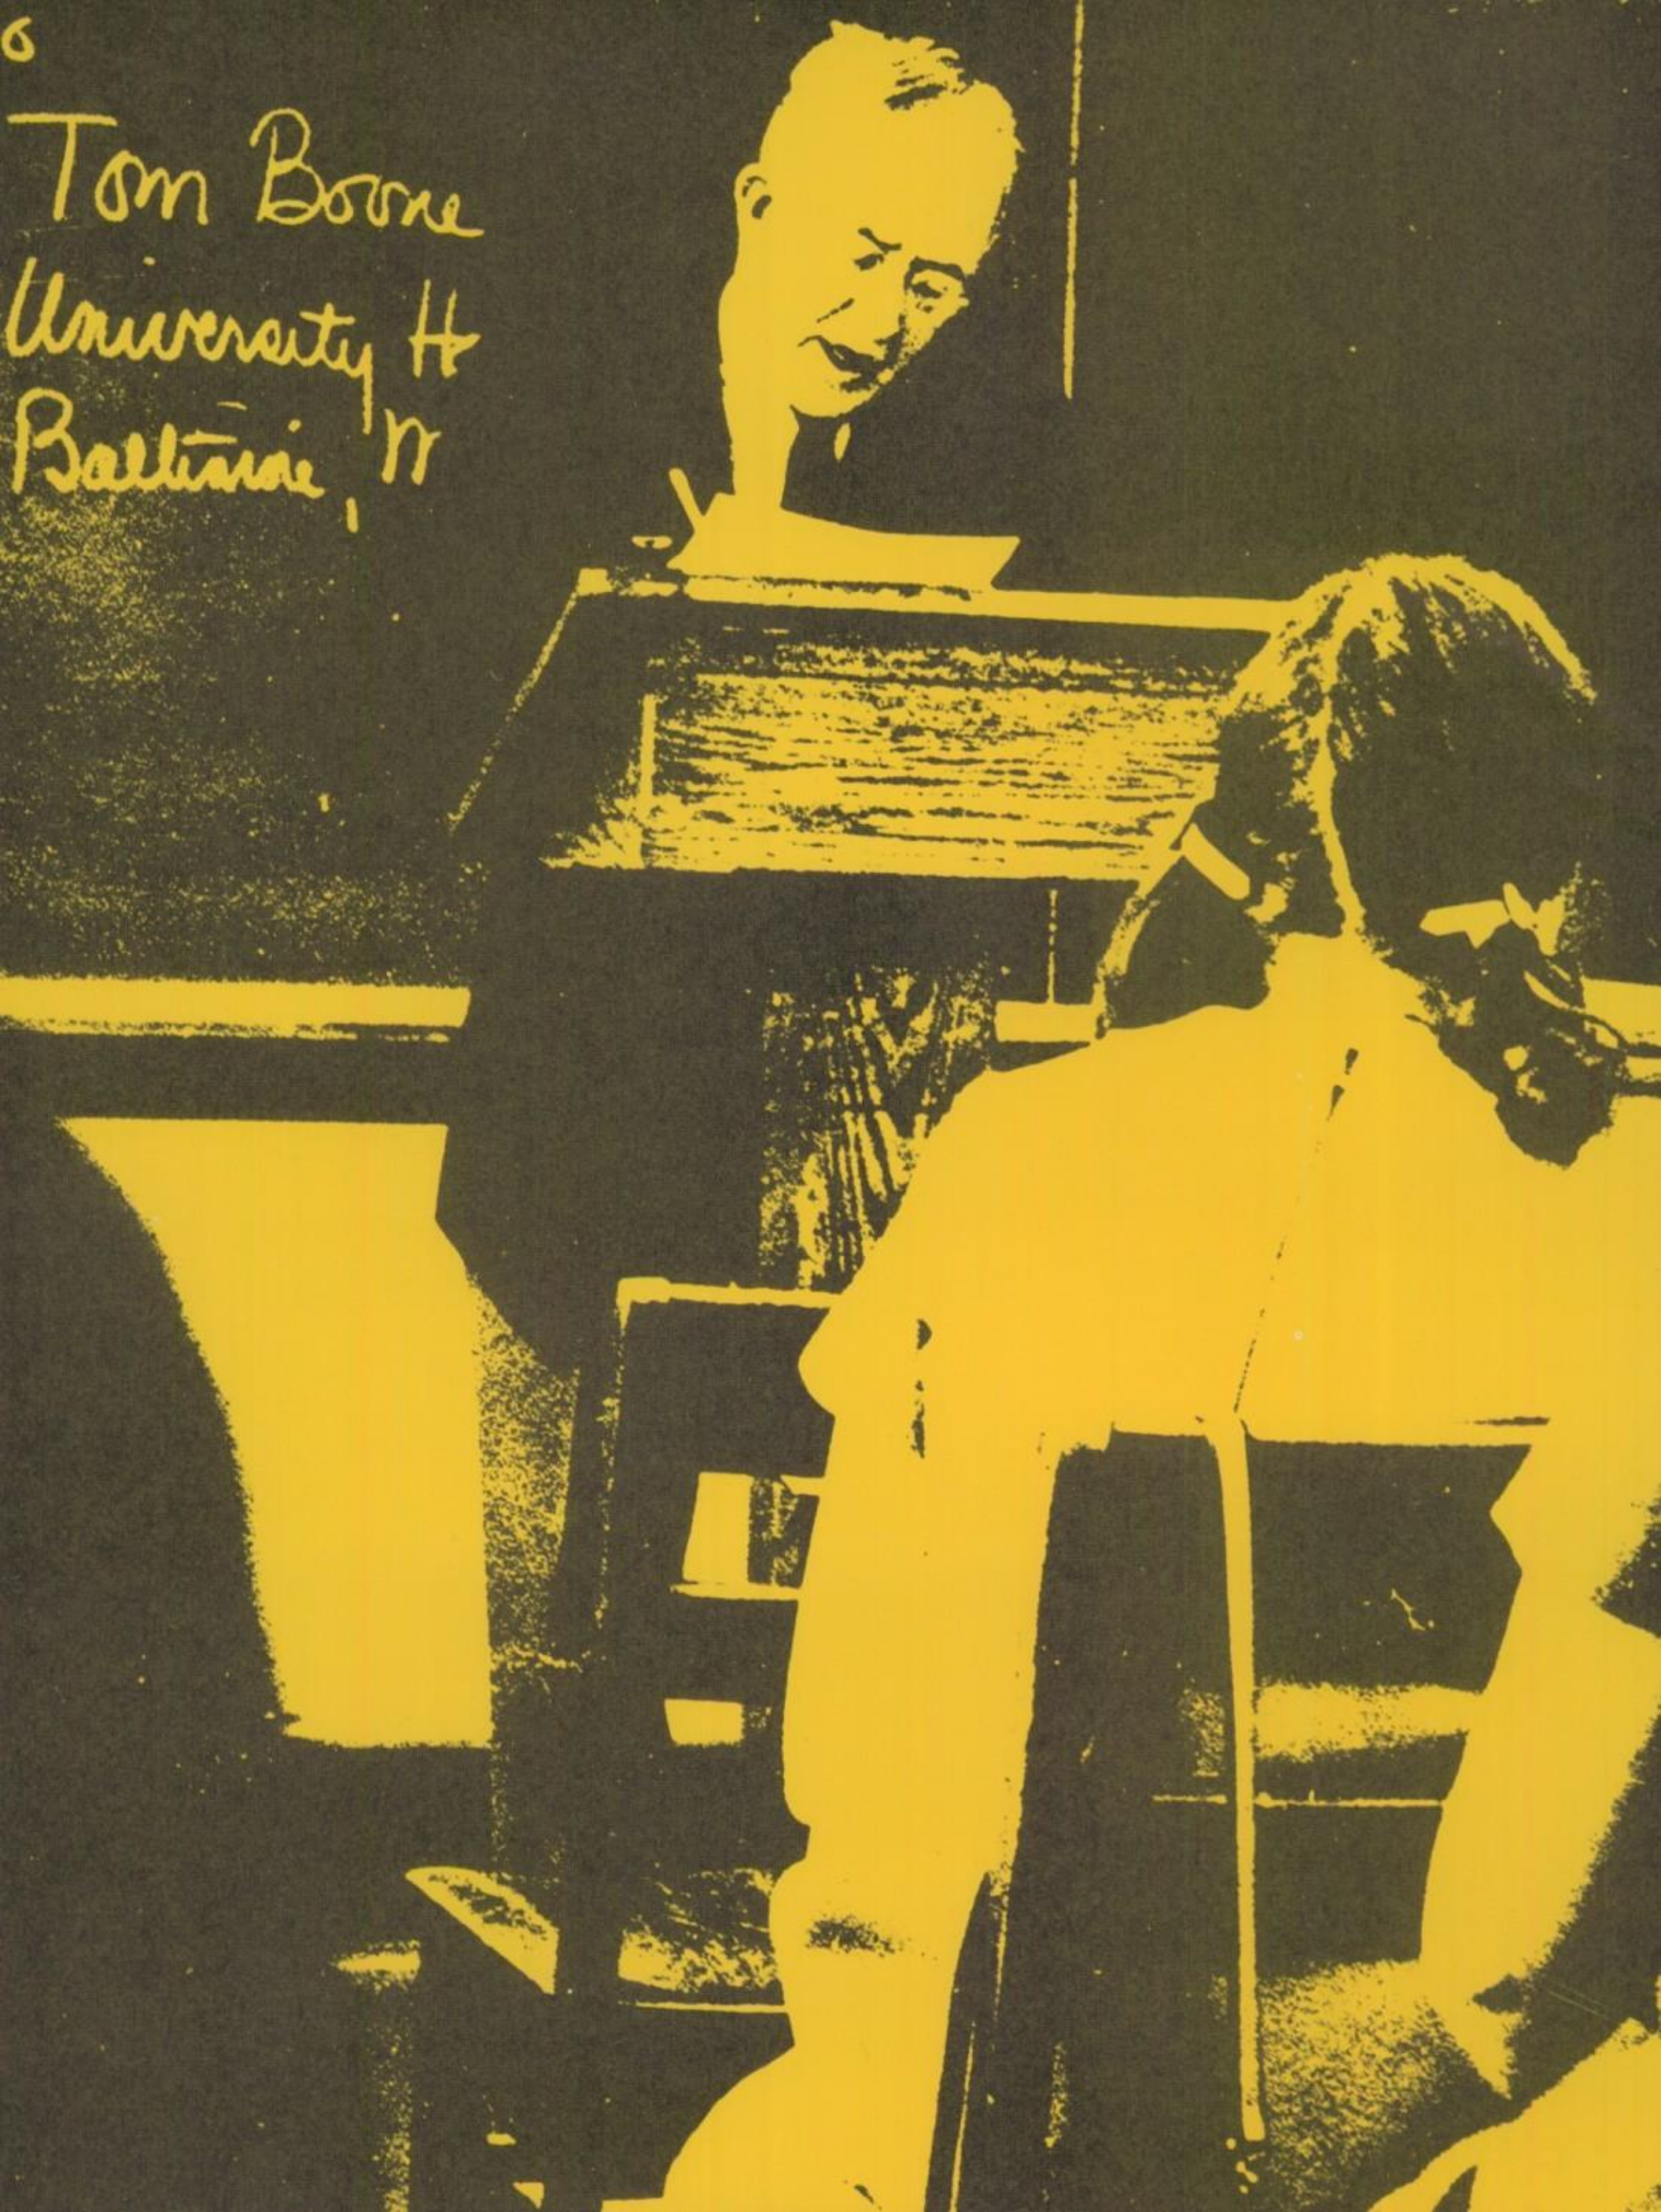

The Senior Class of '70 dedicates this year-book to Mr. Elmer Gall and Mr. James Barnes for their guidance and understanding of the class in the past three years. Mr. Gall never tired from all our complaints and helped us plan our futures. Mr. Barnes advised class organization and also Student Council and thus encouraged student participation and interest. Our Class would like to say Thank-you and we hope you will remember us as we will remember you.

Administration — Faculty

Mr. Stephan A. Lerda—Principal

Mrs. Donna M. Sellman—Vice Principal

Administration

Sometimes, one should think about all of the people that make WHS go . . .

the faculty members, maintenance people, secretaries, and most important the administrators.

PRINCIPAL'S MESSAGE

As you embark on a new life after Graduation from Westminster Senior High School, you also must realize that you are at the dawn of a new decade—The Seventies!

Gone are the days of the Sixties—with their prosperity and their adversity; their tranquility and their turbulence; their hope and their anxiety! Certainly the past ten years have been the most exciting in our history. Youth has made its presence felt, and with this new awareness on the part of youth to become involved, you have learned to adjust to conditions that are most unusual.

In spite of severely crowded conditions in our high school, each member of the Class of 1970, in his own way, has shown a willingness to assume a leadership role in the life of the school. Certainly this should help to make the transition to living in our ever changing world just a little less difficult!

We here at Westminster Senior High School have attempted to prepare you to engage in the fields of endeavor which you have chosen upon graduation. We hope that now you are better prepared to face the realities of life as a result of your having attended Westminster Senior High School.

I feel certain that your goals and ambitions will be realized, if you have learned to assume your responsibilities to do your best to contribute to the solving of some of the complex problems that face all of us here at the beginning of the 1970's. Finally my wish for you is success in each of your endeavors; my hope is that your loyalty and pride in having attended Westminster Senior High School will reflect itself in a way that should bring credit to you, your school, your family, and your community.

Mr. Kenneth F. Mussari—Vice Principal

Mr. Elmer W. Gall Senior Counselor

Miss Virginia Troxell Junior Counselor

Mr. James McGettigan Sophomore Counselor

Guidance

Counselors are wonderful people. If you don't like your teacher, go to your counselor. If you don't like your grades, go to your counselor. If you don't like yourself, go to your counselor. He'll give you confidence, and make it better.

Arts and Music

Have you ever taken a look into Room 4? There are primitive crayon drawings and finely done oil paintings . . . plaster people and metal monsters . . . weak water-colors and detailed charcoals. Mrs. Reter often speaks of putting a part of ourselves into our work—could she mean those unending *thumbnail sketches*?

"Herbie" is an easy man to please . . . "Shut up, Dick! . . . Monday we get out the book . . ." The student body of W.H.S. has one thing to say to that great man and admirer of the "Duke"—"Thank you, Mr. Sell."

Mr. Stimmel, our band teacher, really adds pep and encouragement to the W.H.S. Band . . . "Get the knees up! . . . Do it again!" It pays off—our band really looks sharp and is something to be proud of.

Mrs. Ruth Reter Arts Western Maryland, B.A., M.F.A.

Mr. Herbert Sell Vocal Music Western Maryland, B.S., M.Ed. Acappella Choir and Choruses

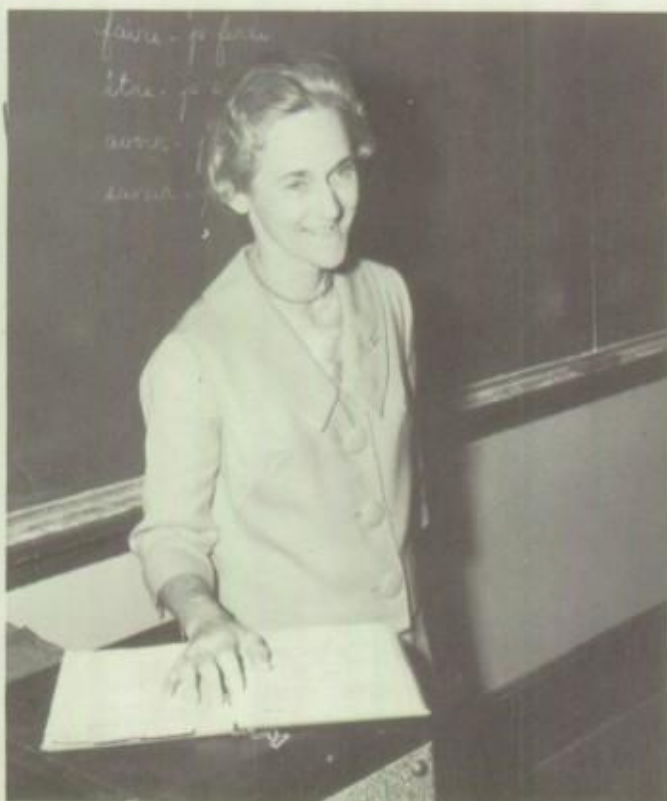

Mr. David Stimmel Instrumental Music Frostburg State, B.S. Band and Orchestra

Miss Cornelia Kroh Latin and English
Western Maryland, A.B. National Honor
Society

Mr. John Blizzard Spanish Univ. of Mary-
land, B.S., A.S. Spanish Club

Mrs. Margaret Reifsnider French Hollins
College, A.B. French Club

*Appnie a gauche! Appnie a droit! 50%
of our school spirit rests in Room 103. Cheer
on, etudiants!*

Language

*... and from Room 202: Jeanne, Jeanne
sauvez la France; ... chevaliers de la table
ronde, goutent en voir si le vin est bon!*

Miss Rachael A. Wentz French West-
ern Maryland, B.A.; Wake Forest, M.A.
Junior Class Advisor; French Club

In Latin class we are always working towards an "honest-to-goodness review." Along with learning Latin (*ero, eras, erat*), we have come to be on guard for unfortunate things.

"If the shoe fits, wear it!" These philosophical words will surely help to guide the graduates of *la clase de español*. "You've got to cut the mustard!" "Pennies from heaven."

Mrs. Amelia Yingling Business Education Western Maryland, B.A. FBLA

Mrs. Emma Edwards Business Education Western Maryland, A.B. FBLA

Mrs. Reba Duren Typing I, Shorthand Southwestern State, B.S.; Wisconsin State, M.S.

Mr. Jack Gettemy, Jr. Business Education West Va. Wesleyan, B.S. Ass't. Football and Track Coach

Mr. Robert J. Olney Salesmanship, E.B.T. John Brown Univ., B.S. Sophomore Advisor, Projection Club

Mr. Howard B. Frymier Business Math, Notehand, PBT Glenville State, B.S. J.V. Basketball Coach

Mr. Olney's calm "Quiet, please" and sighs of "Mr. Olney, it's hot in here" . . . "Is FeFe having puppies again?"

Mrs. Edwards really keeps us on our toes and in line . . . "Face front and quiet, everybody. Papers in, double space, five spaces indent, ready . . . type."

"Set your margins—ready—go!" Who could ever forget those bells?—the music of Mrs. Reba Duren's typists.

"Come prepared to express your knowledge." "One more word out . . ." Mr. Gettemy just doesn't realize that all business law isn't easy, neat. "All right, that's really tough!"

Mr. Frymier and the voice of Dixie booms forth during football season: "The ball carriah gains twenty yahds fo' the Westminstah Oyols . . ."

Ready, type! "How come this is in pen and that is in pencil? Who wants to collect cards?"—the joys of Mrs. Yingling's laugh!

*Business
Education*

We all know that hard-working lady in the library who pops up from behind the books and says, "Quiet, girls" or "All right, boys, keep it down." She's also the one responsible for all those filmstrips that keep your teachers quiet.

Miss Ryan has a baker's bell and when she rings it, you'd better believe that kids come running from all directions.

Mrs. Barbara Peck Librarian Univ. of Massachusetts, B.A. LASO, Projection Club

There are rumors of some questionable behavior in the dramatics classes. But take heart, people—there are no alien invaders, just Mrs. Cole's future Thespians going through their speech drills; Me mo, me mo; Fud-dud-dud-dud-dah!

Miss Anna Ryan English Immaculata College, B.A., M.A.

Miss Daisy Harris English II Morgan State, B.A.

English

Mrs. Marilyn Cole English, Drama Frostburg State, B.A. Dramatics; Junia

Mr. Michael Galloway English Junia-ta College, B.A. Ass't. Football Coach

Mrs. Betty Hackmann English III Lenoir Rhyne, B.A.; Univ. of Bridgeport, M.A. National Honor Society, Junior Class Advisor

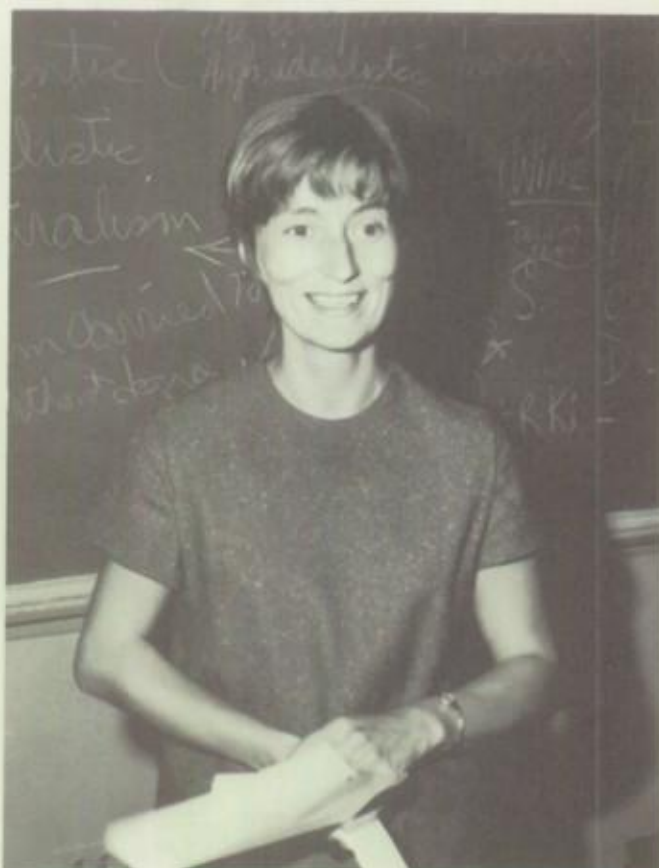

Which other WHS teacher holds the fate of so many of our seniors in her hands (and grade book)?? Having the afternoon free isn't such a bad deal! Right, Mrs. May?

Mrs. James May English IV Western Maryland, B.A.

Mrs. Bailer is the teacher who looks like one of us. She certainly is one person who cares enough to give a hoot about our Owl newspaper. Interesting journalism classes? "This is the thing . . ."

Mrs. Alice Bailer English III, Journalism I, II Western Maryland, B.A. Advisor—The Owl Newspaper

Mrs. Hackmann is a student's real friend—she can be counted on to be around when she's needed. "No, I don't hate you either, Linda!" Vocabulary plus!

Miss Daisy Harris, the lovable lefty in Room 111, is a staunch believer in organization. Her students will never forget those "home assignments" and "particularly" spelling tests.

"Where then shall we . . .?" Amidst *Beowulf* and Grendel and the young sonne and checking our words and "come, let me clutch thee!" stands a mighty man. Mr. William Eaton laughs at us, laughs with us, and laughs for us. Who else has the nerve to tell us that we're ugly or beautiful?

Mr. Galloway claims to be a good-natured fellow, in spite of his hard tests! And how many sophomore girls have a crush on him???

Mr. William Eaton English IV, Drama II Western Maryland, B.A. Columbia Univ., M.A. Key Club, Dramatics, Stage Crew

History

Do we like term papers? Believe it or not, you bet we do! Miss Miller really likes to get to the heart of things with weekly current events papers. "Don't buy Judy Bond blouses! . . . W.W.I.—up over top!"

Miss Frances Miller U.S. History
Western Maryland, A.B.

Mr. James G. Barnes Modern and
World History Washington College,
B.A. Student Council, Senior Advisor

Mr. Dahl Drenning Social Studies
Univ. of Maryland, B.A. Soccer Coach

During the whole year, Mr. Drenning has emphasized the need for critical thinking if we are to avoid a bum trip through life. With countless corny Air Force training films behind them, his senior classes are doubtlessly ready for the bad scene "out there."

Barnesism—barnz iz um, n., political philosophy encompassing a love of Roman culture and characterized by multiple response tests, time lines, and 800 pages of notes.

Mr. Joseph D. Mish, Jr. U.S. History Western Maryland, B.A. John Hopkins Univ., M.L.A. FTA Advisor, Dramatics

Mr. David B. Eby U.S. and World History Shippensburg State Track and Cross Country Coach

Mr. Mish, better known as the "mad pacer of the portables," is one man who takes U.S. history quite seriously—despite his frequent corny jokes!

Mr. David Daley Social Studies Des Moines Univ., B.S., M.S.

"Hey, he has a funny accent"—yes, it's true. Mr. Daley is a genuine Bostonian known for his hard(?) open-book tests.

"Well, Francis, you're stuck with me again! Thus Mr. Eby began another year of unpredictable tests on "all the countries of the world." Arguments are his thing, especially those concerning Pennsylvania.

Mr. Jeffrey W. Ibex Geography Univ. of Maryland, B.A. Golf Coach

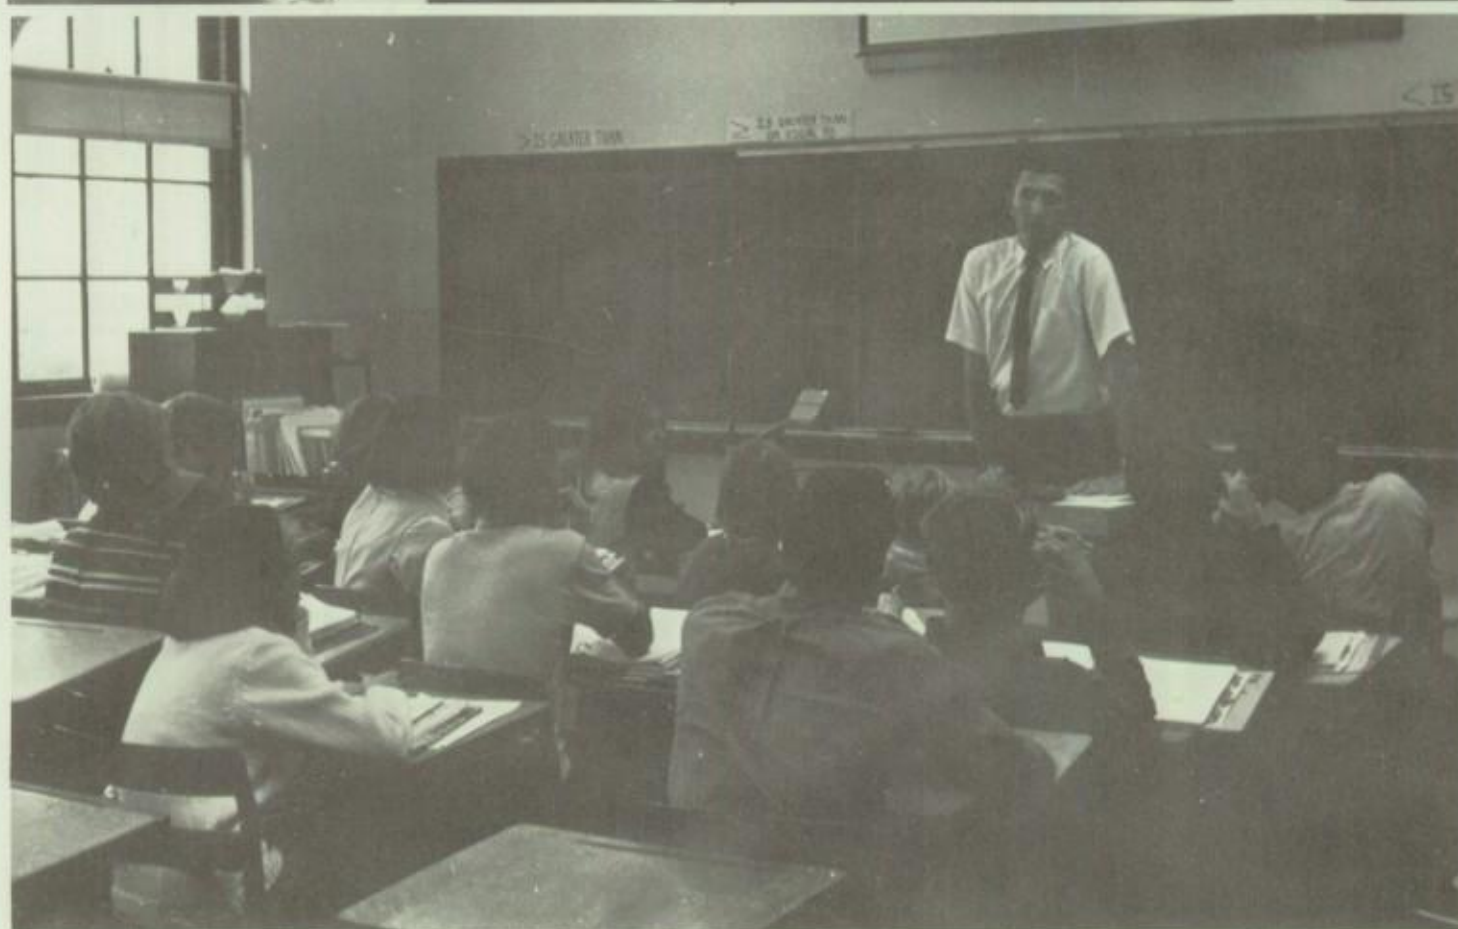

Mrs. Dorothy Ahrensbrak World History, GBT Towson State, B.S. Sophomore Advisor

The Man of Today, Mr. Ibex, lives in Trailer 21. Just wondering—does he like golf as much as getting out of school? Where's the action?

Mrs. A. is one of the fashion setters for the females of our faculty. It has been said that history is not the only thing under discussion in her room—it must be these involved topics that cause the attendance card to be forgotten!

Mathematics

Mr. David M. Sullivan Mathematics
Western Maryland, B.S. J.V. Football
Coach, Basketball Coach

Mrs. Carol Corbitt Algebra II, Geometry Mount Holyoke, A.B. Owl Yearbook Advisor

Mrs. Donna Esworthy Mathematics Mansfield State, B.S., Rutgers, M.S.T. Cheerleaders and Pep Squad

"All right, folks, it's your time you're wasting . . ." Homework free weekends and "The Silent Treatment"; a big booster of the *Owl Yearbook*. "Don't worry, we'll get the \$3500." Any questions? Mrs. Corbitt will be glad to help.

Mrs. Esworthy with that devilish smile always seems to be your friend—but we know what she really means. "Gee, that's neat!" "That's just my way of telling you!"

Mr. Gareth G. Bouwman Mathematics, Geometry Western Washington State, U. of Alaska, B.A.

Mr. Robert A. Schoch Jr. Geometry, Math I Towson State, B.S. Chess Club

Mr. Bouwman is a great person to work with, and is an inspiration to all who know him . . . "Do you have a problem, Jeff?" "it falls right apart when you put it on the board! . . . right, people!"

Mr. Schoch is probably the only teacher in WHS who is *always* late. Interesting social life?

Mr. Sullivan, known for teaching owl-gebra and for his contagious laugh, admits his first love is athletics. "Oh yeah, I knew it all the time."

Physical Education

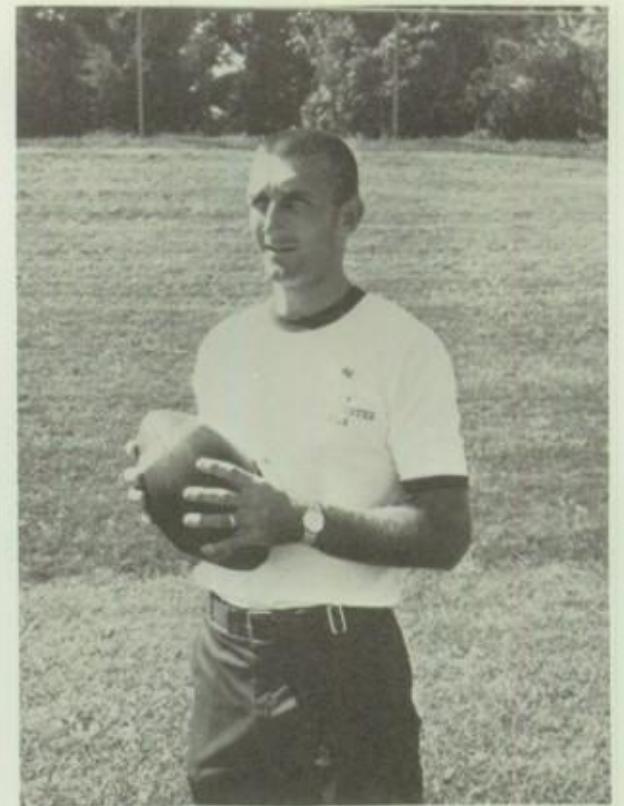

Mr. John C. McVicker Health and Physical Education U. of Maryland, B.A. Football and Track Coach

Mr. James F. Head Physical Education Towson State, B.S. Football and Gymnastics Coach Varsity Letter Club

Mr. McVicker, the perpetual field-limer, has an unique observation: "Wherever you go, there you are."

"That boy doesn't want to play ball!" If you want a smile, ask Mr. Head what happens on August 15!

Mrs. Darlene M. Lauterbach Health and Physical Education Western Maryland, B.S. Volleyball Coach, Intramurals, GAB

Mrs. Lauterbach is constantly "pershing" her students toward better form. Is she as good at golf as she is at badminton?

Mrs. Stull instills endless encouragement and faith into her girls—"It's a beautiful day! . . . O.K. girls, see that hill? . . . Double jumping jacks—whatcha got to eat?"

Mrs. JoAnn D. Stull Health and Physical Education Madison College, B.S. Hockey and Gymnastics Coach

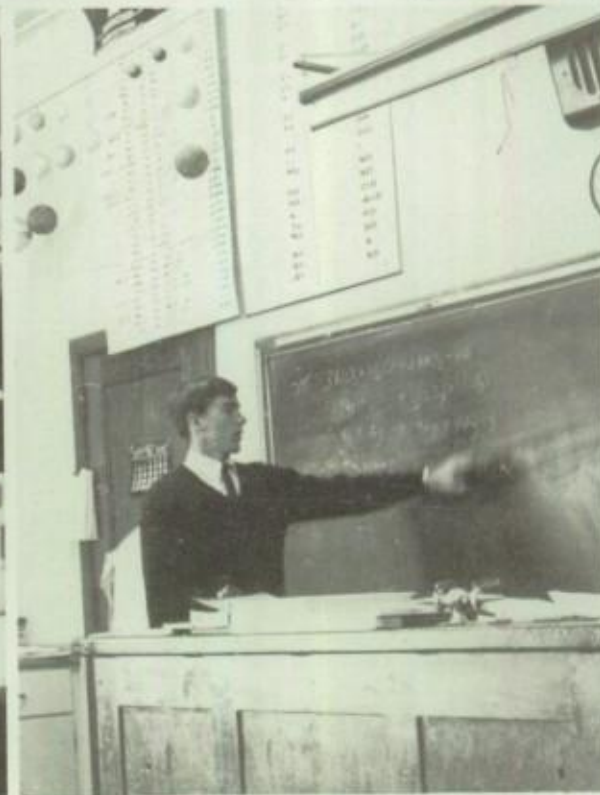

Mr. Zygmunde Sobak Chemistry Salem College, A.B., B.S. Chem. and Laboratory Ass'ts.

Mr. Sobak is the only teacher with a real halo. This is one man that the some-day chemistry majors of WHS will always remember ... "that doesn't jive ... it's from the BENCH ... make this *your* chapter ... ammoni-AH"

Mr. Keffer's favorite bonus question is "Who won the wrestling match?" Don't forget that basketball is a girls' sport. Do his students *really* like protococcus jaunts?

Will Mr. Stanley *really* "be back in a flash?". He should be careful around trash cans. "Is that a decimal point or just a chip in the blackboard?"

Mr. Everett E. Stanley Physics, Physical Science Colorado College, B.A. Audio-Visual Advisor

Mr. Wesley Keffer Biology, Physical Education Penn. State, B.S. Football and Wrestling Coach

Everybody goes to Mrs. Herlocker's room, not so much because it's the place to go but because that's where everything is happening! It's the mission control center for the Rocketeers and the zoo of WHS.

Mrs. Helen Herlocker Biology Knox College, B.A., Univ. of Illinois, M.S. Health Careers, Rocketry

Miss Elizabeth Bemiller Biology I, II Western Maryland, A.B. Health Careers Advisor, Stage Make-Up

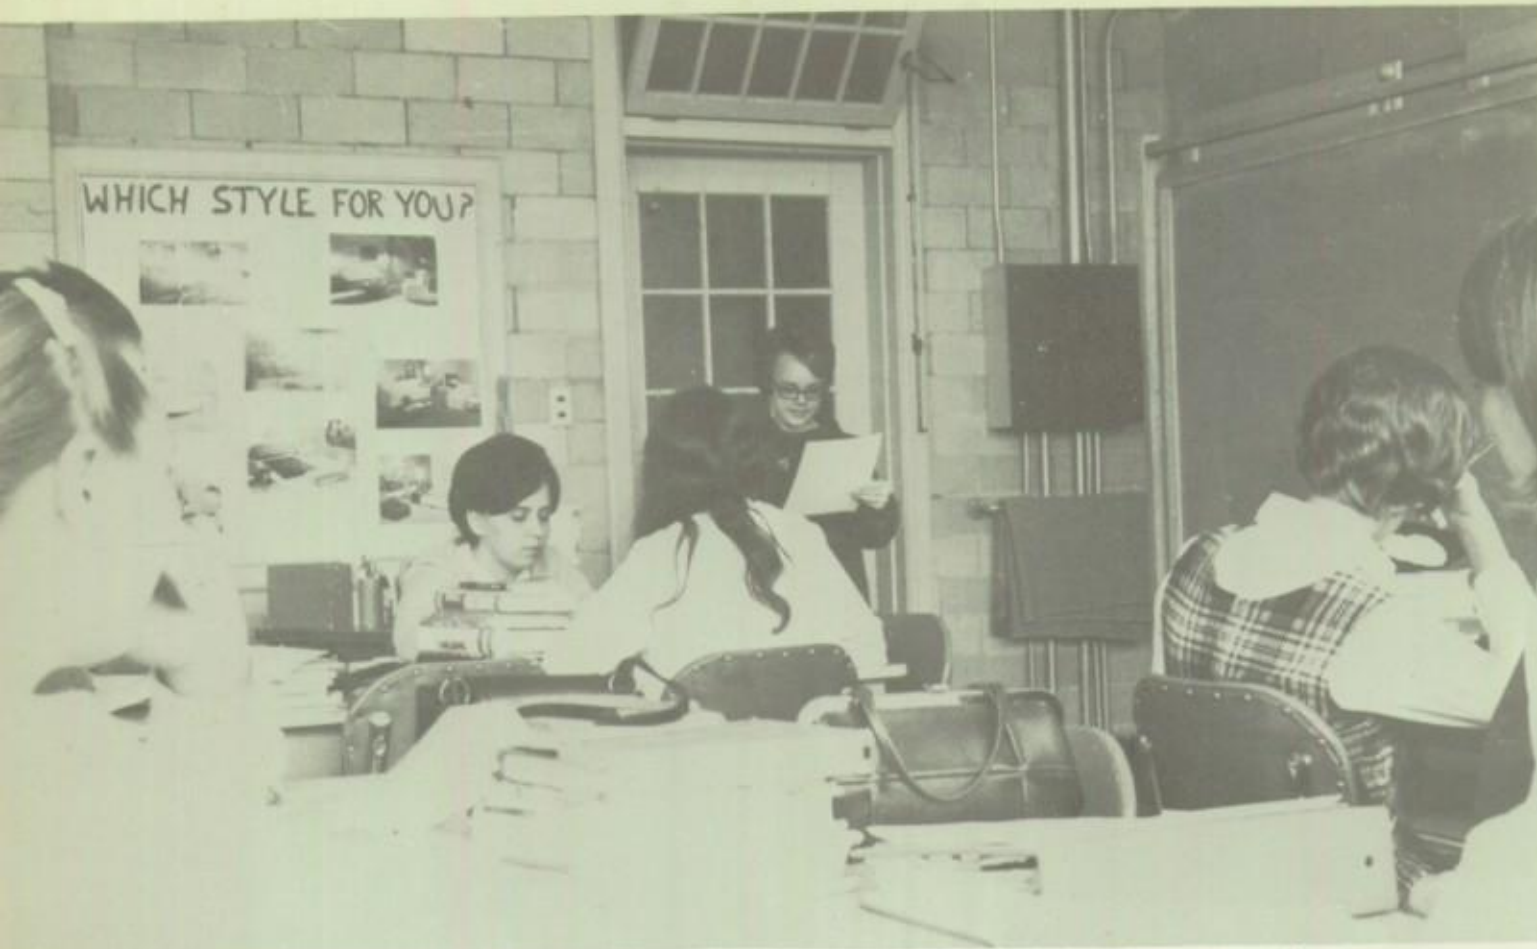

Mrs. Elaine Sheinmel Biology Brandeis Univ., B.A., Hunter College, M.A. FTA

How can you think of Health Careers Club without thinking of their advisor, Miss Bemiller. And that's not her only concern. She still has stopped up sinks to contend with and stale make-up to take off our dramatists! "Okay."

Mrs. Sheinmel is a veritable biology wizard. She's neat, sweet, petite and definitely not a student, although many have asked, "Is *she* a teacher?"

Home Economics

Mrs. Runkles is always trying to get her girls to "clean up the kitchen, clean up the kitchen!" Her girls may be among the best-dressed and best-fed—but we're worried about the rumor that she's getting dishpan hands!

Mrs. Barbara Runkles Home Economics Sheperd College, B.A. FHA Advisor

Mrs. Mussari works wonders with the "little children" in playschool. It's even been said that her graduating toddlers are more "intelligent" than a certain group of home ec students . . . Hmmm . . .

Mrs. Shirley Mussari Home Economics Univ. of Maryland, B.S.

Mr. Robert D. Lambert, Jr. Industrial Arts Keene State College, B.S. Soccer Coach

Shop

Mr. David H. McKibben West Virginia Univ., A.A. Fairmont State, B.A. Drafting I, II, III

Mr. Albert Albrecht Vocational Ed. Machine Shop Johns Hopkins Univ. Vocational Club Advisor

Mr. George E. Hugg Auto Shop Univ. of Maryland, B.S.

Student-pecked—"Uh, fellas—can I have your attention for a minute? All Right! Hand-raise! Hustle!!!"

Follow the sound of "Hey, Mate!" and you'll find good old chief, A.A.

Mr. Hugg always has a reassuring word for beginners in auto shop—"put some rust-buster on it." The Silent Treatment. Don't forget Hugg's Men!

Mr. Mueller's Machine Shop, better known as Fred's Romper Room, is the scene of sound teacher-student relations: "I'll give you a one-way ticket to the office!"

"Hey, fellas, heard any good jokes lately?" "All right, eyes on the drafting boards and not on the girls' gym classes." "I don't care HOW Mr. Acree did it—we're doing it my way!"

Mr. Frederic W. Mueller Machine Shop Univ. of Maryland

Reflections

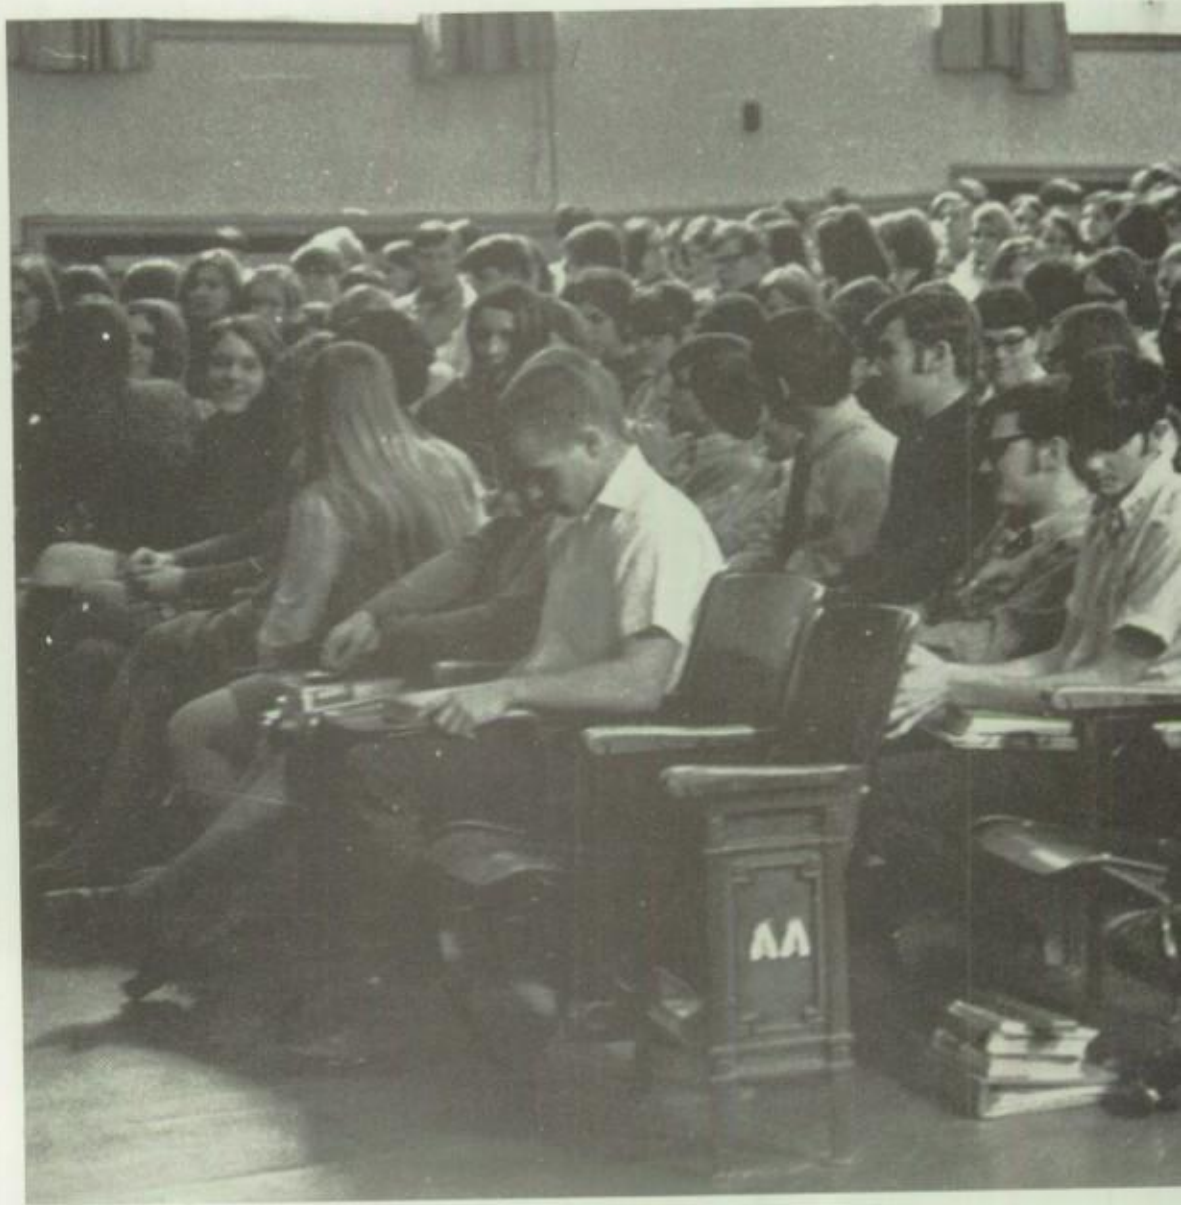

Years have moved by
And turned into memories.
Passed like a dream
That has come in the night.
So that we may awaken
And find what there is to be.

Friends have been made
 We will remember
 The parts in our lives
 They have played.
 And the things we have shared
 While beginning our lives
 together.

What is all our world today
 Will soon be a memory
 So much has given with so little
 returned
 To help us find our way.

Living today, hoping for tomorrow
Nothing has ended, it has only
begun

We are tomorrow
So today we must all be one.

Fond Farm Memories

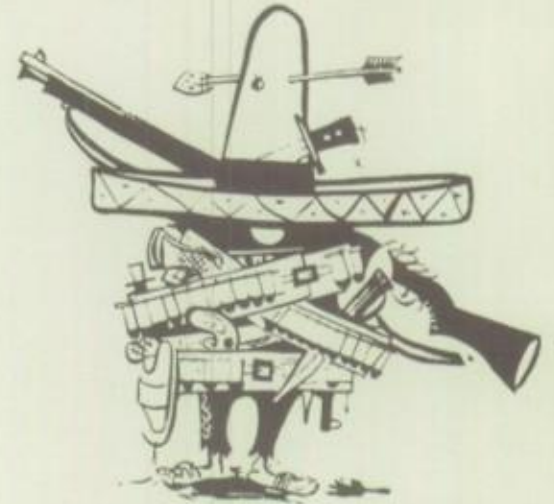

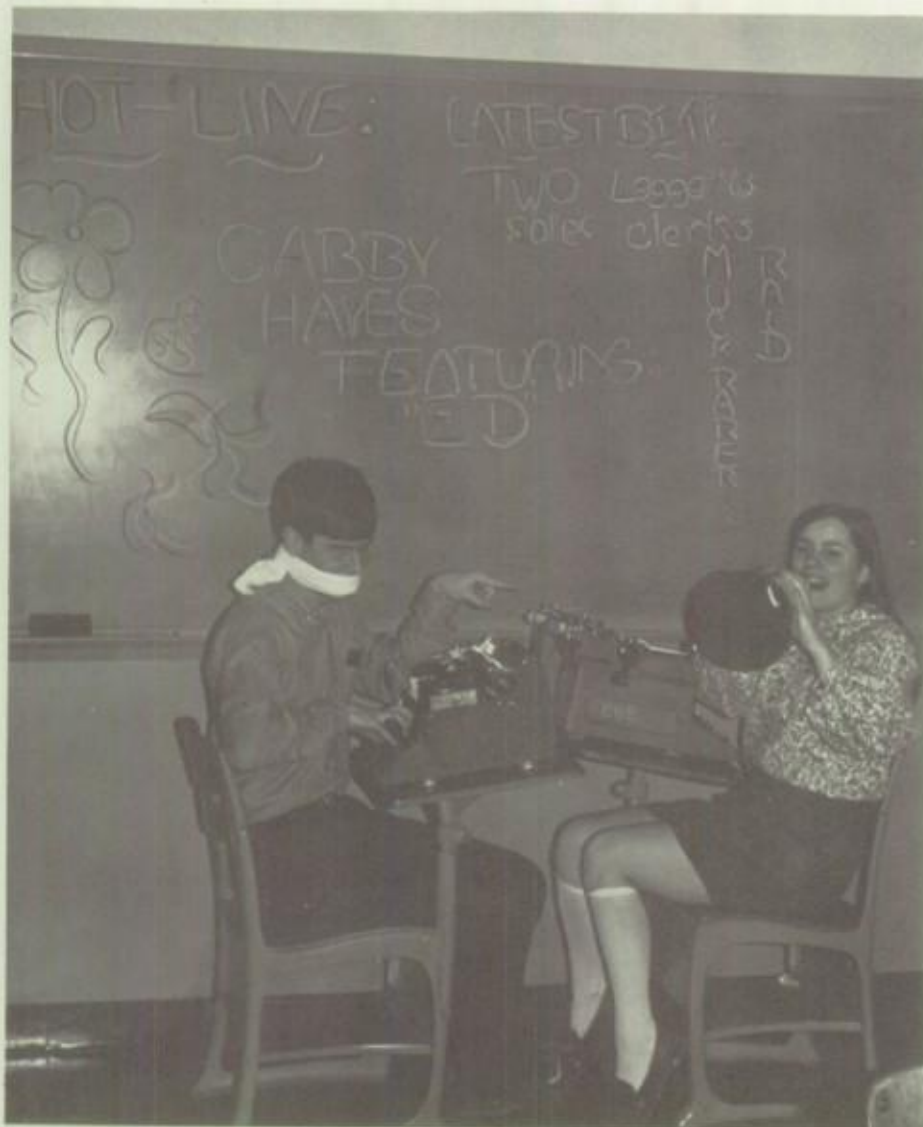

*Presently it is over; yet
never to be forgotten.*

They are the class clowns who keep things lively everywhere—from the school room to the parties. **BEST SENSE OF HUMOR**, Francie Rebert and Steve Bohn.

Who's
Who

With these motor-mouths, it is always a one-sided conversation. **MOST TALKATIVE**, Sue Hayes and Eddie Pond.

They have a smile and a "HI" for just about everyone. **FRIENDLIEST**, Chris Sharkey and Melvin Blizzard.

A wink here, a peck on the cheek there, and quite an exciting social life. **BIGGEST FLIRTS**, Missy Wenzing and Bill Wenderoth.

Looks may not be everything, but they sure can help. Ask them—**BEST LOOKING**, Doris Armacost, Debby Yingling, and Gene Kipe.

Always neat in appearance, anyone can tell where their money goes. **BEST DRESSED**, Jackie Harvey and Carl VonGunten.

Future stars?! Maybe, 'cause *they've* got what it takes. **MOST TALENTED**, Mary Ann Armacost and Carl Dutterer.

They are good organizers and always seem to be able to get the job done. **BEST LEADERS**, Nancy Fisher and Dave Noss.

Anything from Soul to ballet, they can do it; well, they'd try! **BEST DANCERS**, Leslee Bright and Denny Groomes.

Their knowledge, initiative, and personality give them a bright future. **MOST LIKELY TO SUCCEED**, Maura Sellman and Larry Shafer.

Would you believe that these two drab onlookers are our school's most enthusiastic supporters? **MOST SCHOOL SPIRITED**, Patty Day and Norman Green.

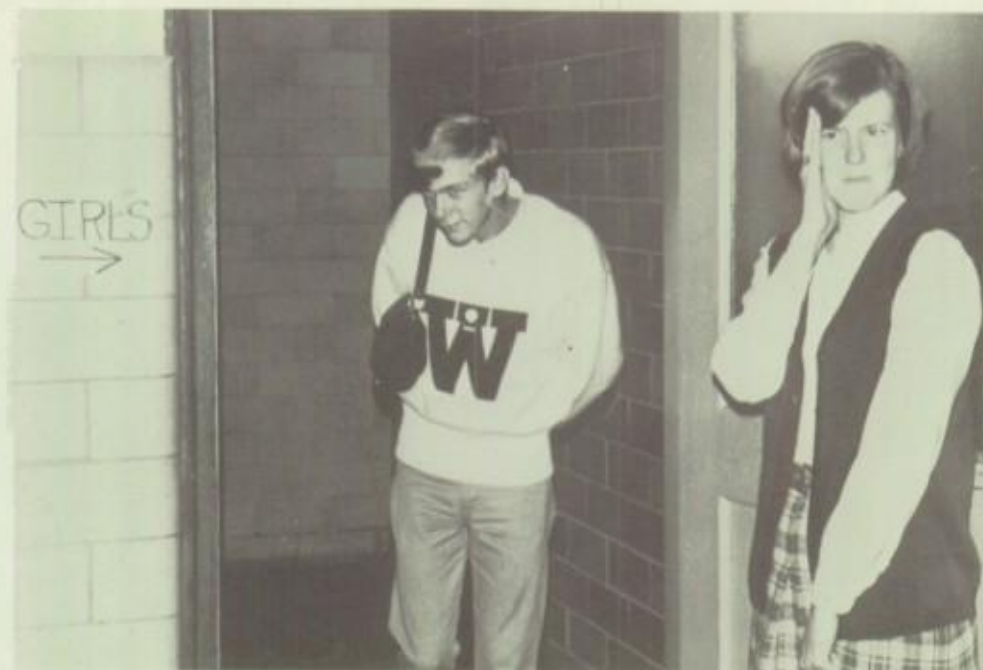

An active twosome whose presence is felt in every field—from athletics to clubs to academics—**BEST ALL AROUND**, Belinda Yingling and Mike Wicks.

Football to ping pong; you name a sport and ten to one they are good in it. **MOST ATHLETIC**, Brenda Dutterer and Tom Dent.

Is this the Land of the Giants? Sure does look that way. **SHORTEST AND TALLEST**, Elizabeth Sanders and Bob Freberthanser.

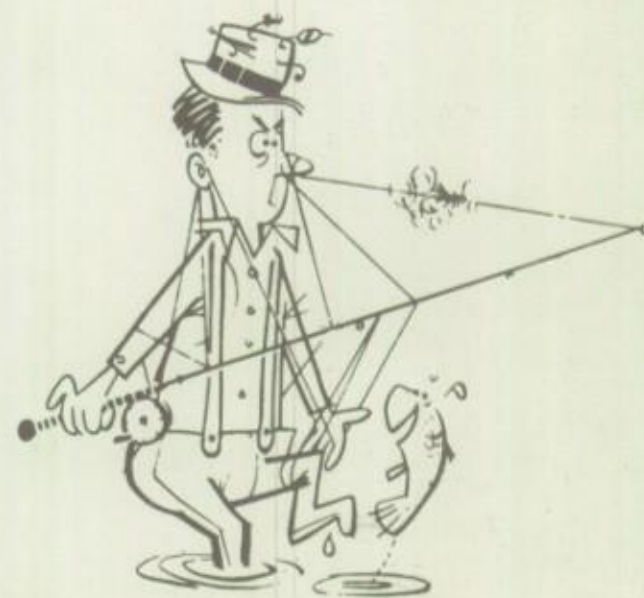

In this picture are two people we could never forget in the class of '70—THE MINDSTICKERS, Cindy Carr and Jim Grimes.

Rosy cheeks and fiery ears battle for embarrassment. BIGGEST BLUSHERS, Kathy Scharon and Blair Melvin.

For three years these two wonderful, but not quite perfect people have *tried*. Belonging only to our class, BIGGEST LOSERS, Becky Reeve and Tim Raver.

Underclassmen

Front Row: Jody Clower, Historian; Bernie Blickenstaff, Chaplain; Nancy Wheat, Parliamentarian. *Second Row:* Mel Hoffman, Vice President; Mark Causey, President; Pam Crawford, Secretary. *Not Pictured:* Mike Corey, Treasurer.

Looking back, our Sophomore year was certainly a good one, with the Sophomore Party being our most successful activity. Everyone marveled at our theme, "You Must Have Been a Beautiful Baby" and we all shared in the fun of going back into our childhoods, eating lollipops, and really having a great time! The decorations ranged from a big baby bottle to three-dimensional baby blocks to a huge red wagon filled with stuffed animals. Come to think of it—even the clean-up was fun! But, we really shouldn't say anything more about our Sophomore Party without saying a great big "THANKS" to our advisors; Mrs. Cole, Mrs. Herlocker, and Mr. Olney.

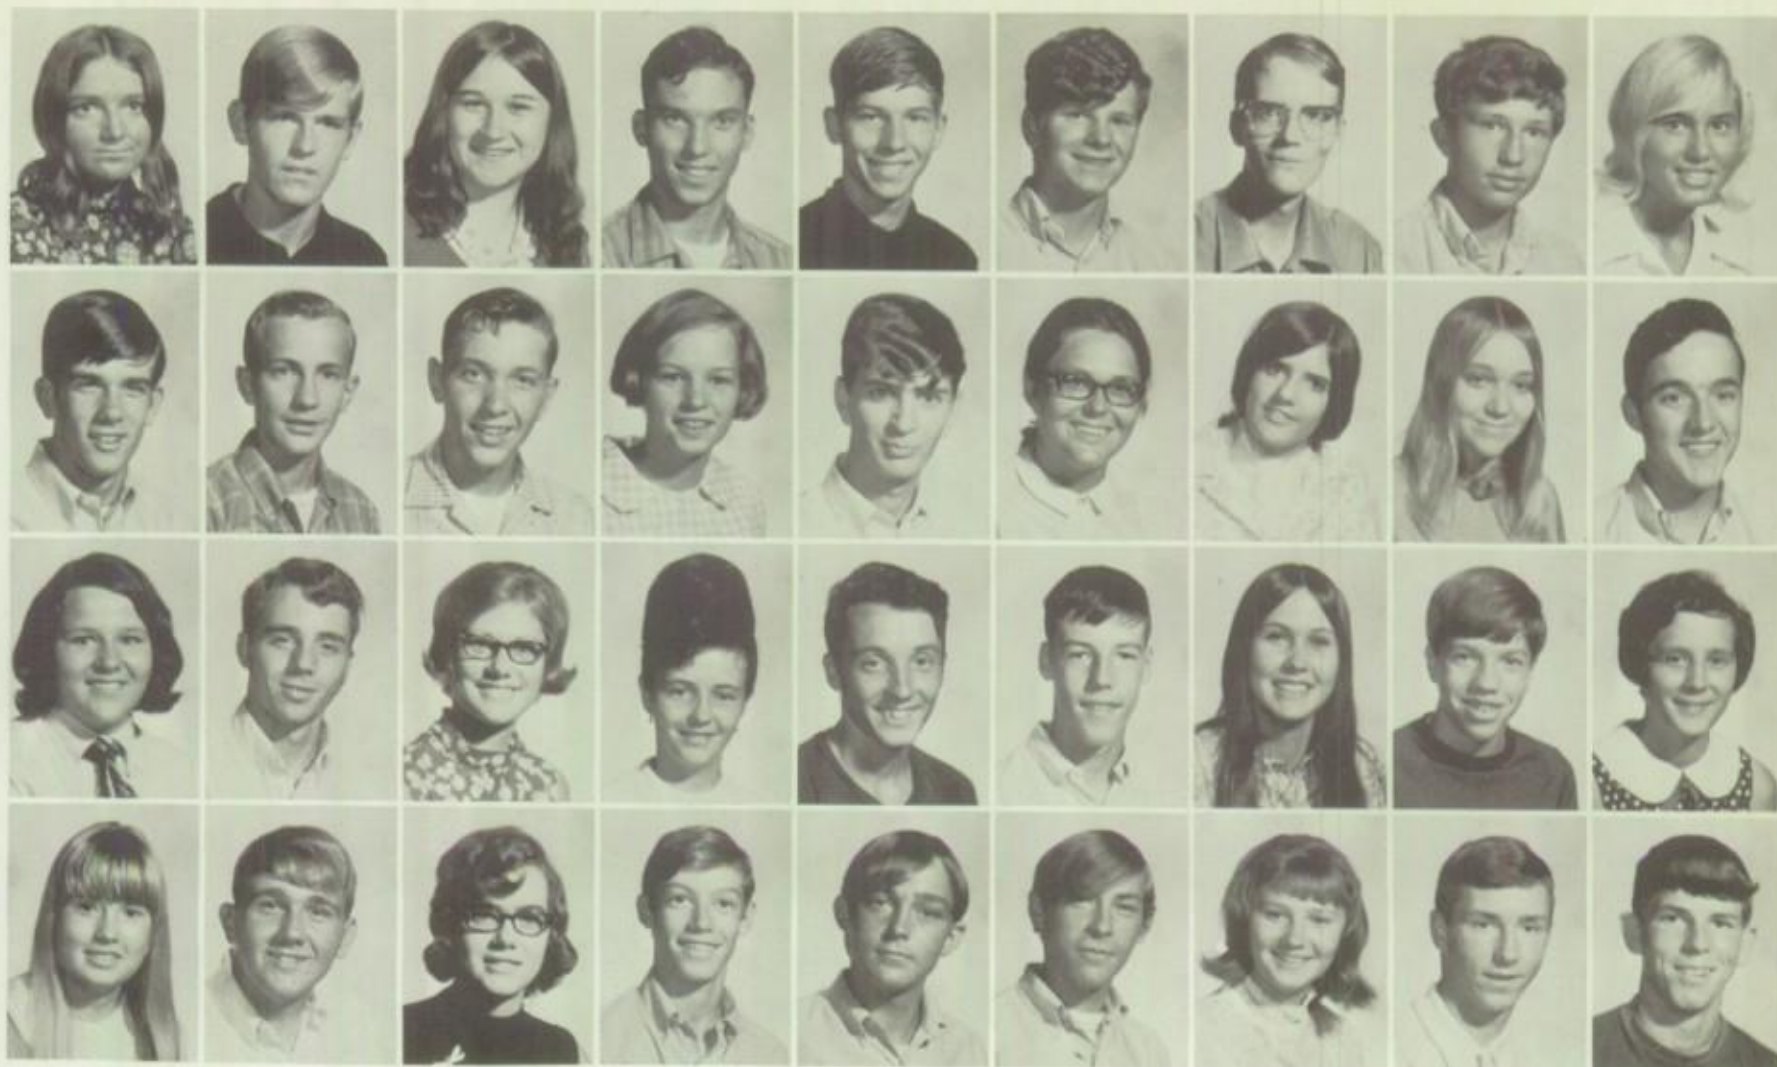

We started our Junior year with elections of class officers in October. In December, we started work on our Junior Prom. The theme was finally decided upon to be "Strawberry Fields Forever" and was carried out using a color scheme of white, pink, and green. The date—Friday, April 11, 1970. Again, our thanks go to Miss Wentz and Mrs. Hackman for working with us the entire school year.

TRIBUTE TO MILDRED ROY

In November we were all grieved by the death of our classmate, Mildred Roy. We would like to express our deepest sympathy to her family and to all her friends.

Westminster High School
A part of our past
And a step to the future.
Darlene Cable

CLASS OFFICERS: Robin Baker, Vice-President; John Kable, President; Sherrine Brauning, Secretary; Nancy Sample, Treasurer; Dixie Dixon, Historian; Lois Brown, Parliamentarian; Harry Rosenstock, Chaplain.

CHAOS—that's what it was on September 3, 1969, the first day of our eager return to school after a long, exciting, relaxing vacation. As we entered the doors of WHS, wondering where we were and how we got there, we finally maneuvered our way through the crowd into our assigned homerooms.

Wasn't that first fun-filled week of school exciting? The best part was when we'd get lost and the teachers wouldn't even question us about being fifteen minutes late for class. The worst part was realizing that we had that certain unwanted teacher and that we were really going to have to study hard this year.

Although we got out of hand sometimes, the teachers did a good job in controlling us. We never really got a chance to play "drive the teacher up the wall" or "ring-around-the-substitute." Daydreaming and sleeping in class were always fun—especially when we didn't get caught.

Senior lunch line priority was really a scream! How were we supposed to devour our lunches only two minutes after we were seated at a crowded table? We have a lot to complain about now, but still an awful lot to look forward to. When we get to be seniors, maybe we'll even get lunch line priority!

We, as sophomores, are proud to be students of WHS and hope to set a good example for our fellow students. To all the teachers and administrators who struggled with us and helped us this school year, we say "THANKS!"

(To the tune of the Alma Mater)

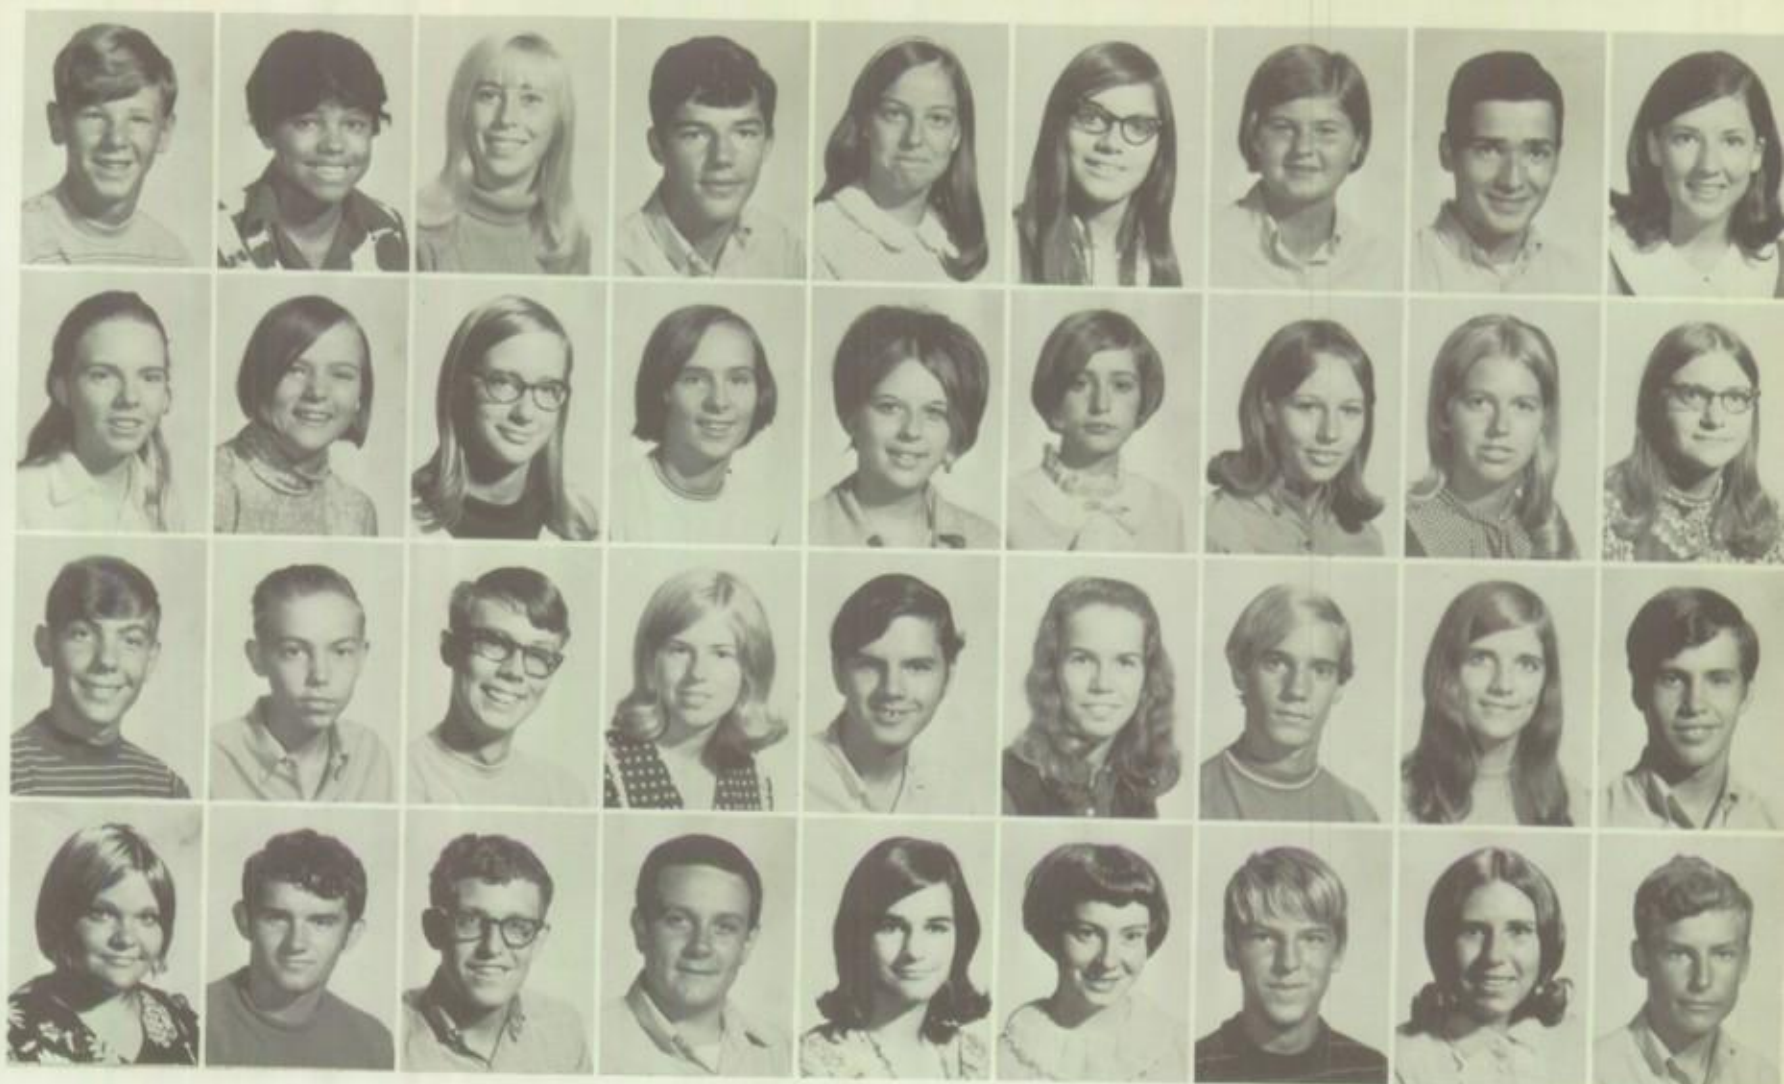

To thee; Westminster High School dear
From your model class of '72
With many tests and quizzes and grades
Our marks will stay with you;
And we'll be back for two more years
With all our hopes and cheers
That we gained these past few months,
Near us you'll have no fears.

We're studious and proud of you
As we can ever be,
So don't be cruel and mad with us
And sure progress you'll see;
We like our school and all its crew
In spite of all we do;
We sometimes act quite ludicrous,
But that is nothing new.

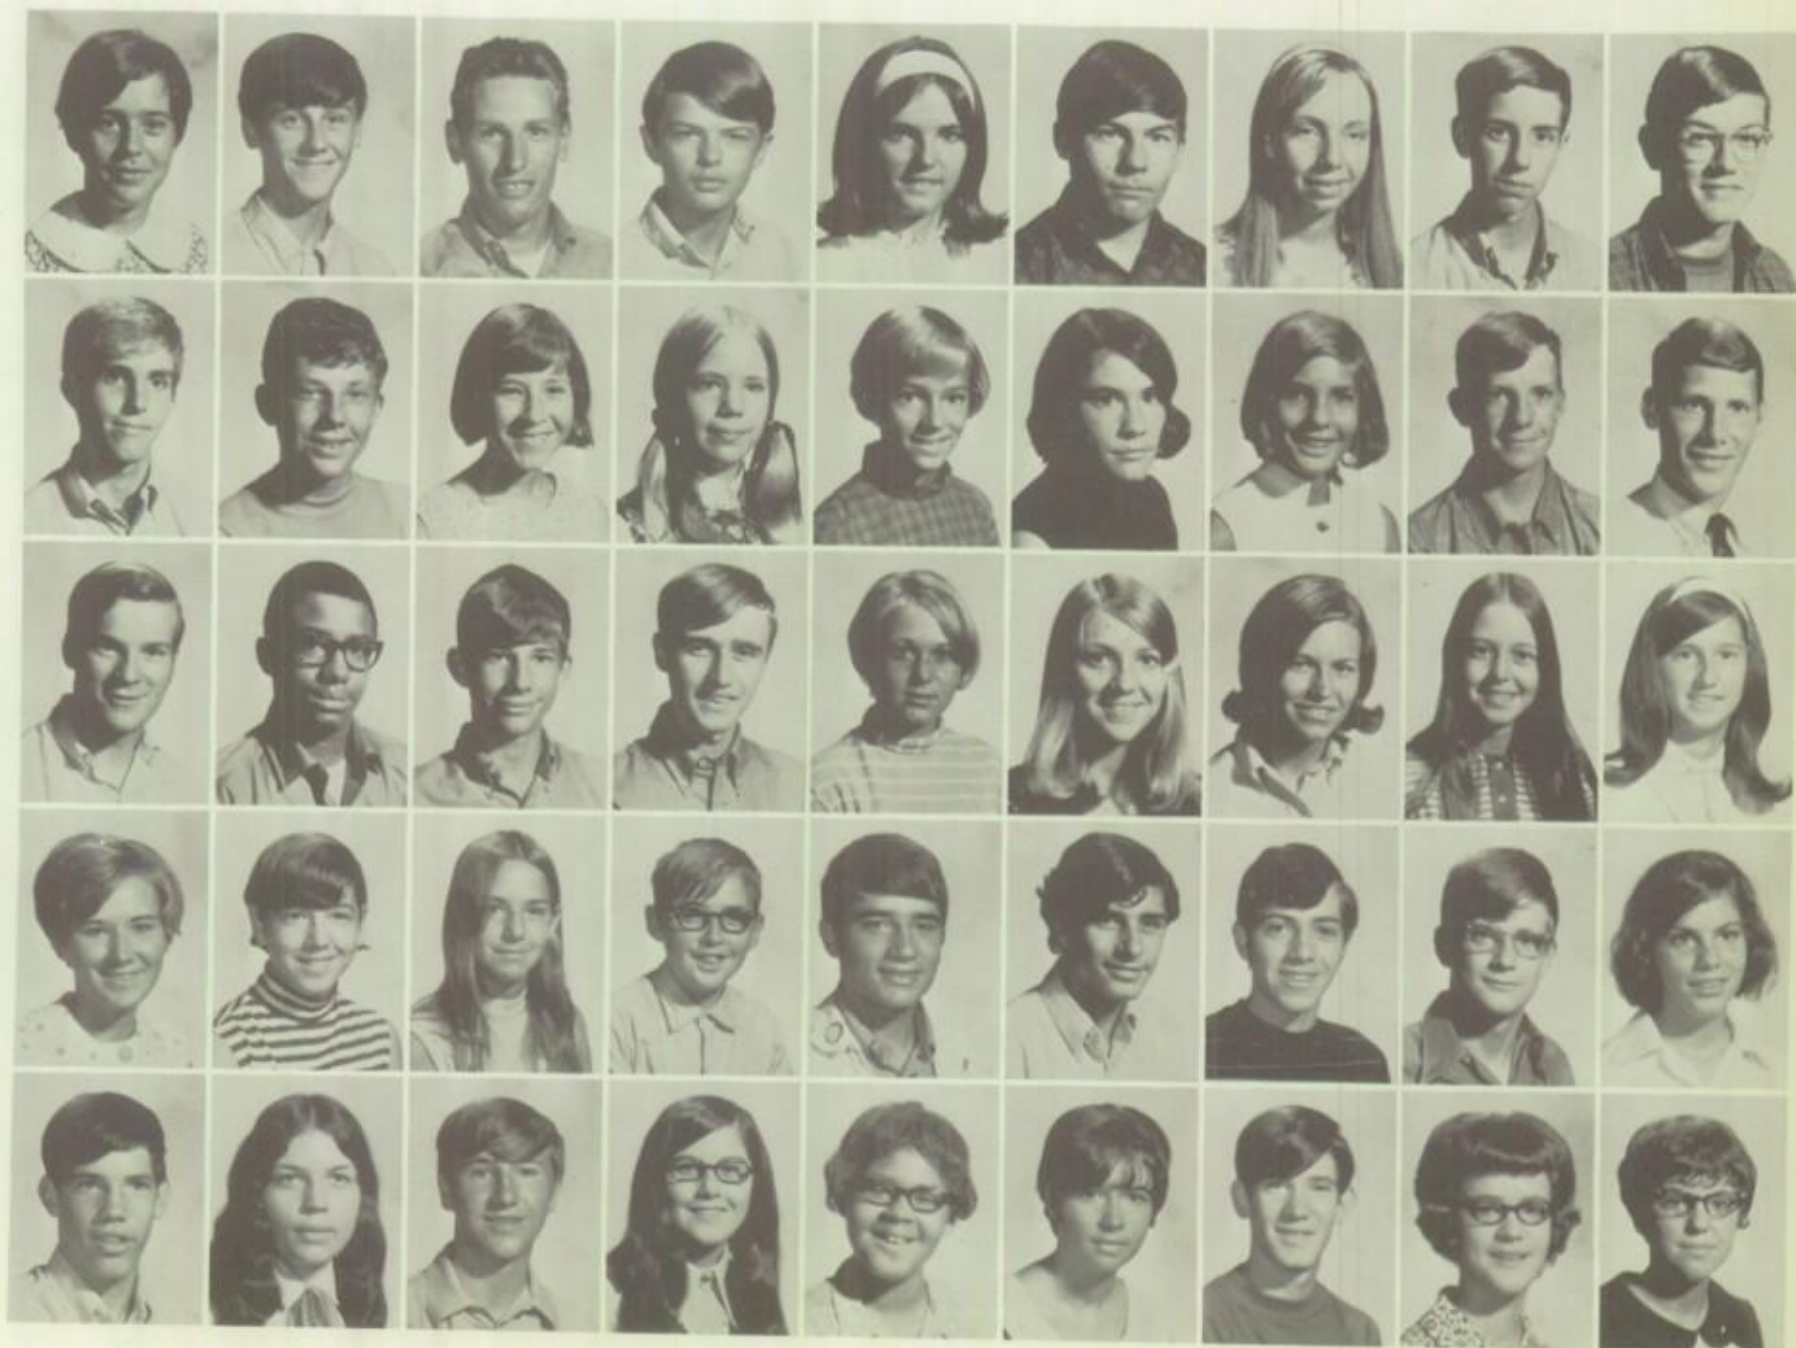

With virtue, honor, love supreme
We'll try to do our best;
We'll practice hard in all our work—
To you we'll leave the rest.

Football '69

The fall brings football and with it the excitement of every game—win or lose . . .

For Owl fans, some Friday nights bring good memories. Some others bring bad memories . . .

And a few bring no memories at all.

But regardless, the spirit, enthusiasm and good times are always there—though the goal posts sometimes aren't . . .

Climb those hills! Hustle, Bustle! Future Varsity men. These men practice from sunrise to sunset. They just love to blow their mind out on that grid. The whole team drinks—Gatorade—the pro drink. At practice the linemen practice blocking while the backs run and run and run. These men have team spirit, team pride and team hitting power. After practice they looked like ground moles—mud all over! But they loved it.

That should never happen, should it Mr. Drenning.

If he doesn't get back with my hotdog . . .

Wait till they meet?

Such enthusiasm.

The Owl Soccer Team had their second night soccer game, against North Carroll on Tuesday, Oct. 28. It was the closest game of the season, ending in a tie of 3-3. N.C. winning by corner kicks.

Heel and toe . . . heel and toe . . . slide . . . slide . . . slide.

Owl Soccer 1969

What a good looking bunch?

What a great defense.

Gene Kipe, a senior and an outstanding player for three years. Also the team captain.

With the enthusiasm and effort that the underclass players put forth this year, there is no doubt that they will have a very successful team in 1970.

Dan Harbaugh performs the perfect goal kick. Oh my!

Bob Gassman carries the ball for the score. Bob is a junior back for his second year, and did a great job for the Owls.

Hand off, don't touch.

Mr. Drenning shows us how to cheer.

Owls ready for their attack on North Carroll.

Let's have another one!

A great push, from behind.

Catch it! Don't let it go.

The Owl soccer team would like to thank Mr. Drenning for coaching them this year. If he had not volunteered there would not have been a soccer team this year.

Just had to go.

This season ended as the Owls trounced their arch-rivals North Carroll. Second place seemed harder to win this year, but a final victory gave hope for next year. Next year. Magic words in sports. They turn the bitterest disappointments into driving ambition. We had worked hard. Many believed survival under first-year coach, Mrs. Stull, to be impossible. The ground around the perimeter of the field was beaten hard. The grass was ripped from a certain hill. Wind sprints carried with them sore, strained muscles. But there is more to hockey than training and technique. It is for some a style of life. Working, groaning, laughing; we were all together. A player who covered for you when legs seemed to quit, jokes played on the bus driver, birthday parties, banners, broken sticks, and broken hearts—this is the game. These are the people. For Seniors there is no more magic "next time." They swear that their spirits will haunt the field. The hockey team was a place to fit; now it is gone. The cheerful "wait 'til next year" from underclassmen could only stick in the throats of the class of '70.

GOLF "69"

Coach Ibex, not having much luck for his initial year, has a lot to look forward to in coming years. Golf at WHS is on its way up and the turn out of fellows proved it. They played a nine meet schedule in the fall and a couple of meets in the spring. The "69" Golf team wrote a new record in the books this year when they drove all the way to Martinsburg just to find that the other two teams were playing the next day. They came home with smiles on their faces!

CROSS COUNTRY TEAM: (left to right) S. Long, S. Keeney, G. Bromwell, K. Saylor, R. Gailey, R. Haines, M. Heartly, W. Daugherty, Coach—Mr. Eby.

This fall the Owl Harriers compiled the best record for a boys' athletic team; 3-3 in dual meet competition and 6th in the Maryland Class A Cross Country Championship.

The Harriers have the hardest practice—in which your mind is against your body; your legs get heavy, you can't run any longer, you can no longer pump your arms, the cramps start again in your stomach, shoulder pains begin from carrying your arms too high, you get a nervous headache, your track spikes start to blister your tender feet, and then you can taste today's lunch. Your body tells you it is time to stop, but you can't, for something in the back of your head tells you that you have to continue. That force seems to just fight against those aches and pains until you finish the race, then you know you have done a job. Every day before practice or meets, Coach Eby will give you one piece of advice: "Give it all you got . . ."

Cross Country

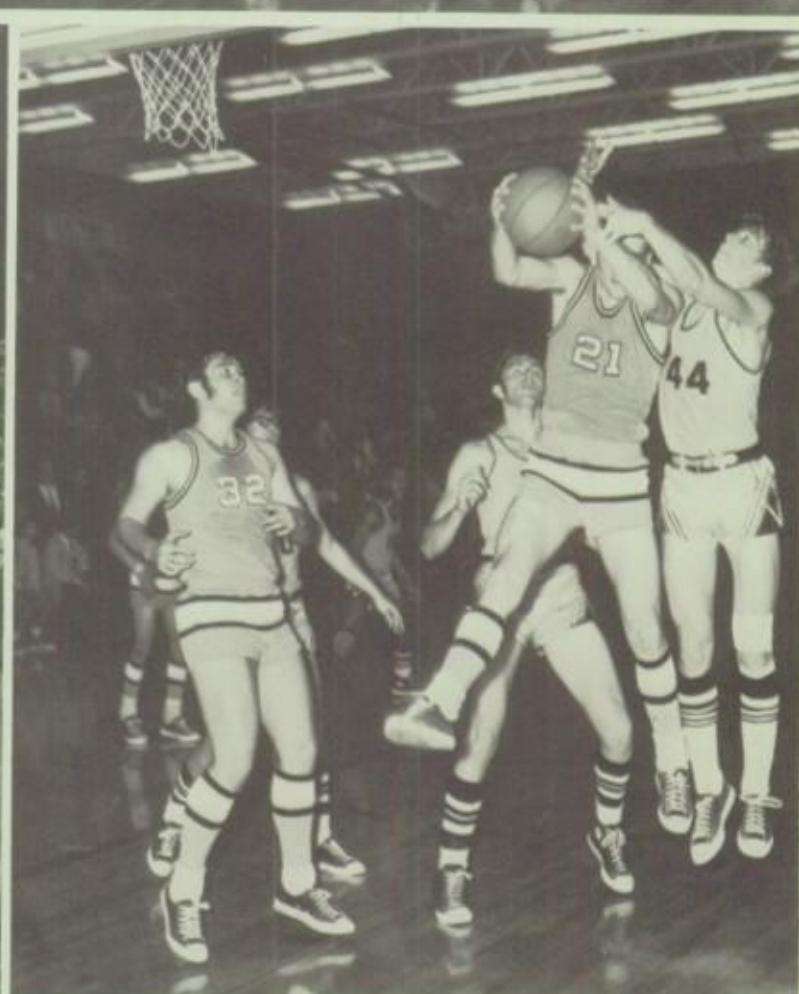

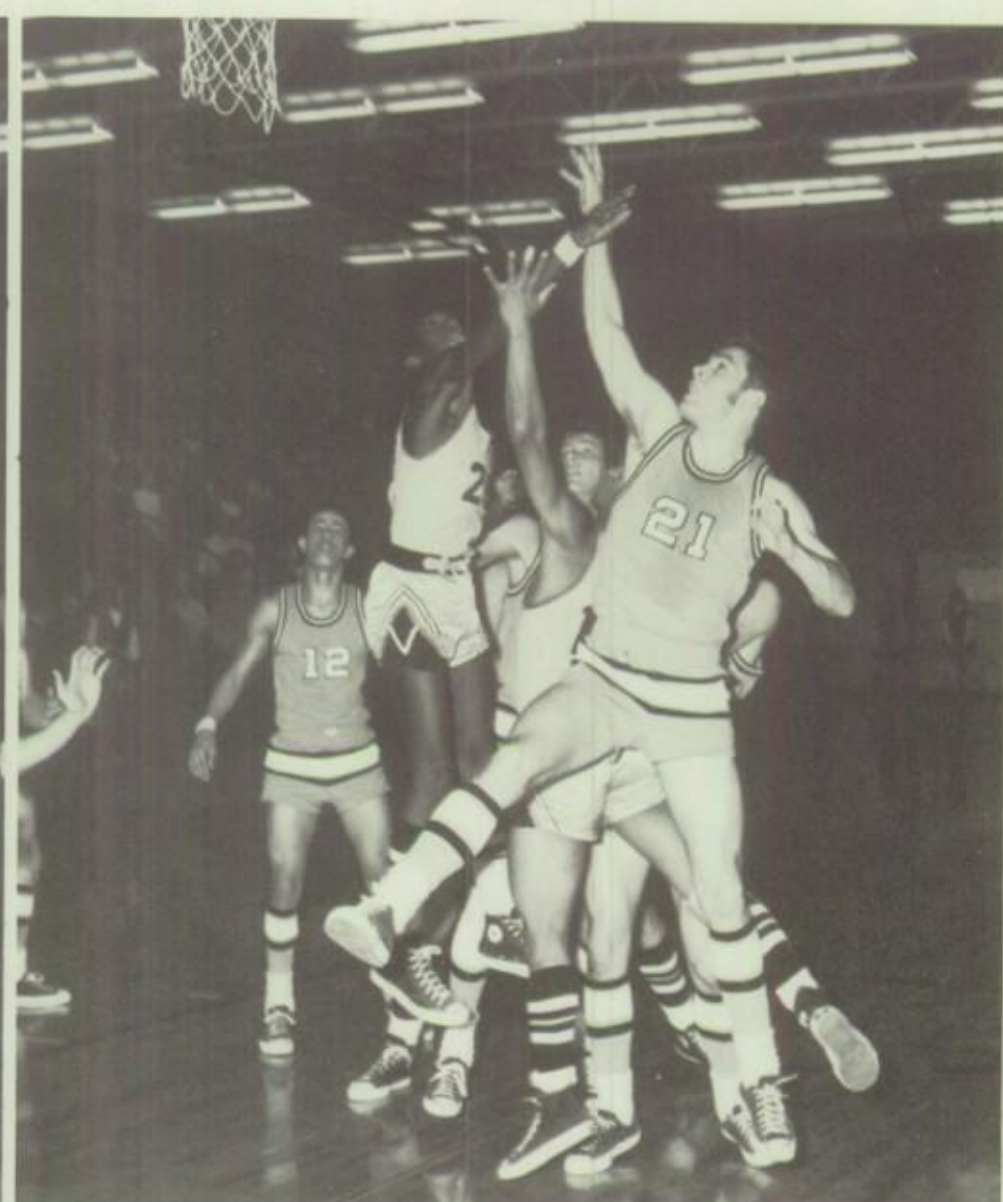

Sports Day

Fall brought a pilgrimage of Carroll County female athletes which ended at WHS. They came with high hopes and gushing enthusiasm to compete in archery, table tennis and badminton.

Not everyone can transform ideas into victory; however the Owls seem to have that talent. Chris Mosley and Cheryl Chrest captured second place medals in badminton. Sweeping table tennis honors, Mary Lou Dutterer and Kathy Sharon took first place, while Brenda Dutterer and Maura Sellman finished second. Champion archers were Elizabeth Sanders, and Alda Bankert.

Wrestling

The Owl wrestlers fought through a hard dual meet season—and came through in fine style with a winning edge. The season was one of ups and downs. We were able to take revenge, but we suffered the revenge of others. "The thrill of victory and the agony of defeat . . ." Both were ours.

But every hour of practice took the team towards the goal of its leaders—to be "snake tuff" and "super-sneak fast." With the leadership of Neil Evans, our captain, and the coaching of Wes Keffer and Mike Galloway, the Owl wrestlers somehow survived all the sweat and tears.

Gymnastics

When people watch a gymnastic meet they probably think that it takes little effort for the girls to perform because they appear so graceful and at ease. But little does the audience know of the long, hard hours the girls spend preparing for these meets.

During the meets one doesn't notice that all of the seniors are gritting their teeth to fight back the pain from their shin splints. No one notices all of the aches and pains from pulled muscles and torn ligaments, because the girls seem to perform effortlessly with a smile plastered on their faces. Nevertheless the pain is there.

The girls perform well only because they work well. Such skill doesn't come by sitting around; it comes from practice and the desire to be one of the best.

But the girls wouldn't work like they do if it wasn't for Mrs. Stull. She doesn't actually beat the girls over the head to make them practice but when Mrs. Stull gives them that evil eye they know that they had better get cracking. Though Mrs. Stull can only do a thief vault, she gives the encouragement that only a great coach can give. Besides, she is the only one who listens to their aching complaints.

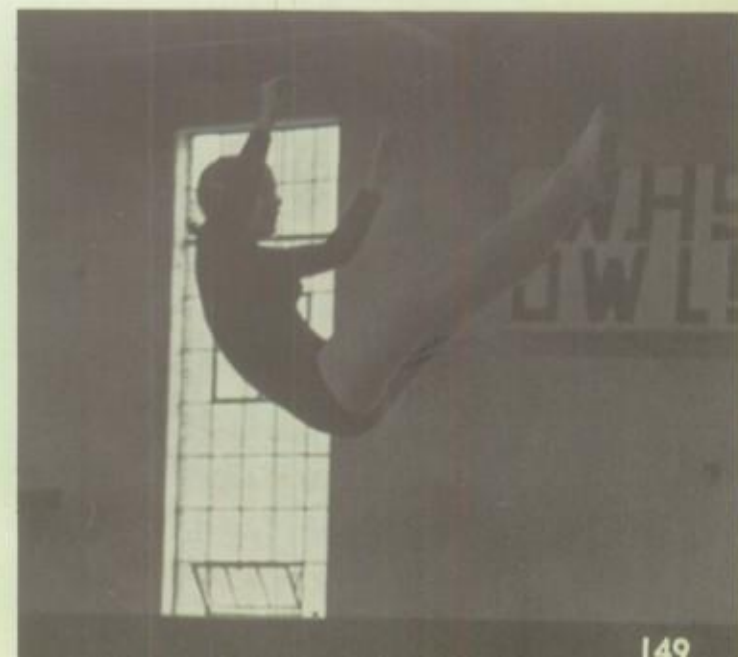

Now you know that gymnastics is not as easy as it looks but the girls don't really mind the hard work because they know how rewarding gymnastics can be.

Dig! Set! Spike! Ouch! Jammed fingers and pain. Spring brings a different kind of animal into the gym—the volleyball nut. The team may be small in number, but not so in spirit. Goofing off at practice seems to be our style as does winning games—although the close finishes may soon finish Coach Darlene Lauterbach! The ten—oops; only five—serves at each day's practice combined with dead-basketball-wall-volleys and "persh-ups," keep the team primed for action—after they wake up on the bus!

As for the class of '70, our dedication to the team is undying—unless of course we must face too many Lauterbach Power Specials. Brenda's spikes have pierced many a gym floor, while Katie's serves wreak havoc with our opponents. Mary Lou, our great—but quiet—all around player, and not so quiet former bench-warmer, Bec, comprise the senior membership of the team.

Volleyball is not appealing to everyone; but—if you'll pardon us—we dig it!

"We don't monkey around—
well, not too much."

Winter Track

With icicles dangling from their noses, around and around they'd go in their nice warm? outfits. Never once complaining for this was the good life. Trudge, trudge, trudge through the delightful snow. "Think we can get away with cutting this corner?"

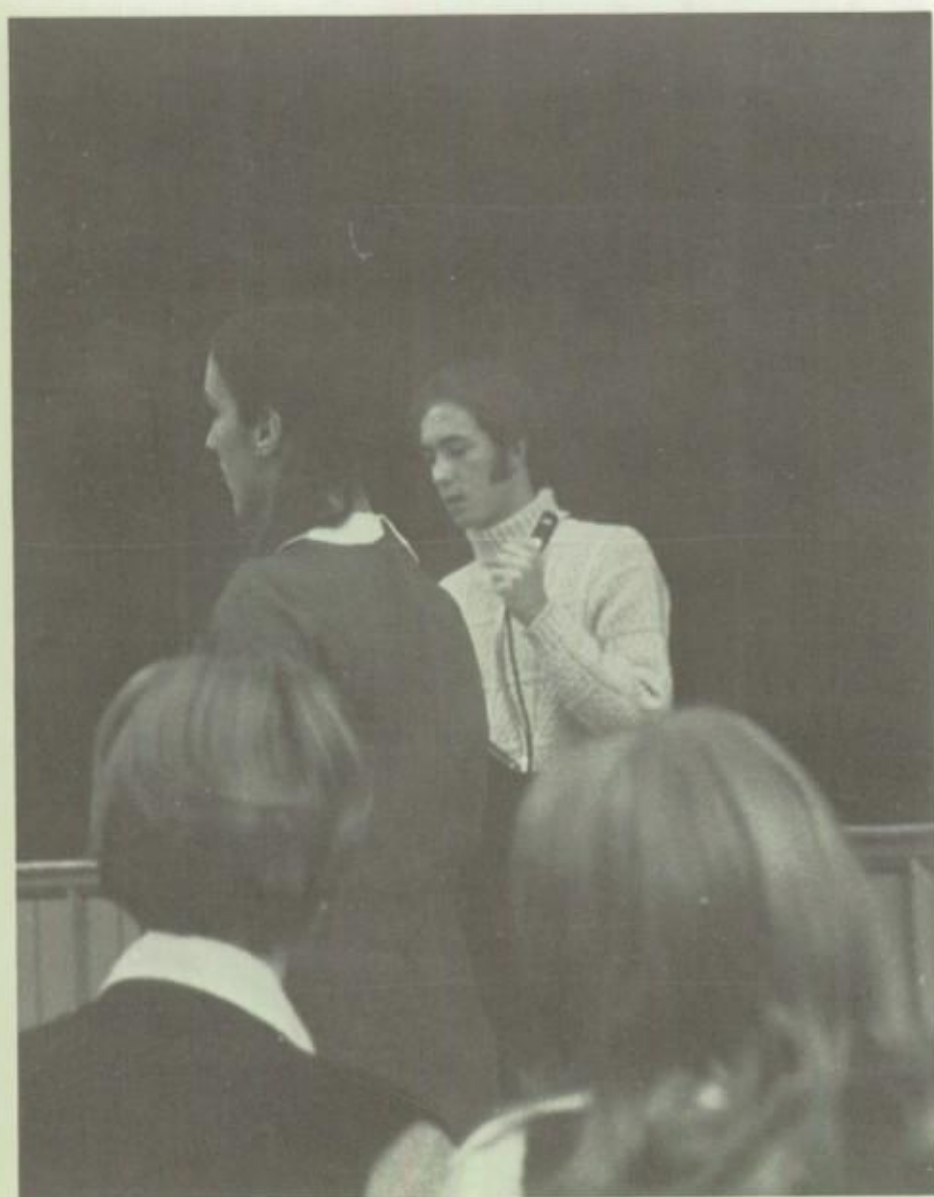

Activities

Student Senate

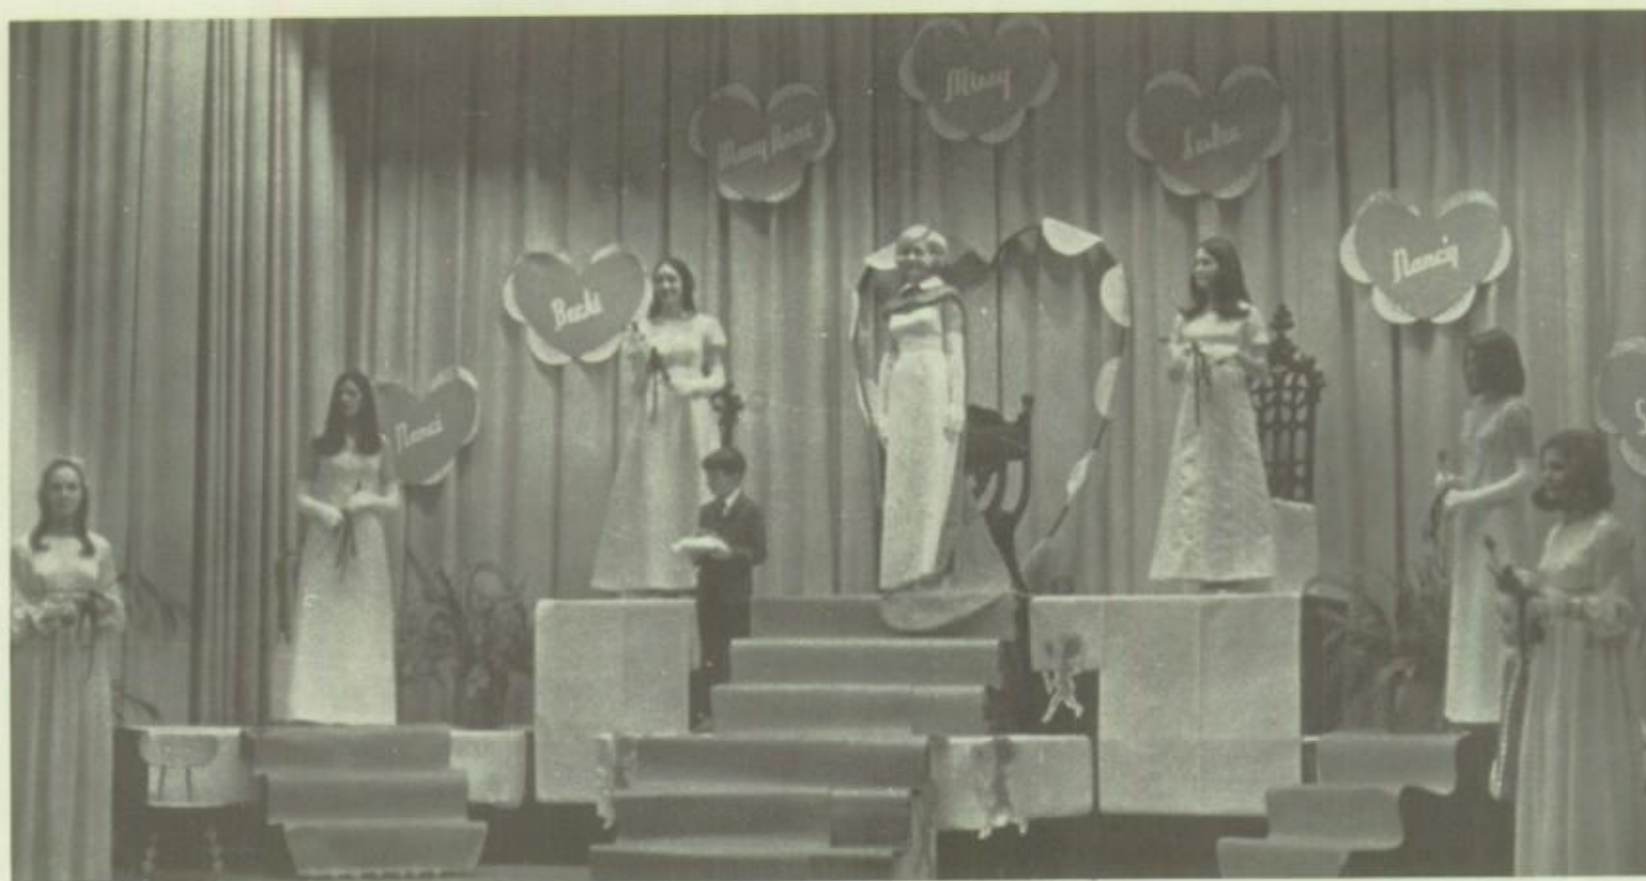

Dave brought each meeting to order with an emphatic "Quiet please!" Dauntlessly he proceeded with business ranging from coat checks to talent shows to dress code to lavatories to the Lovely Legs contest to Parliamentary procedure back to the dress code. Despite a million "Could you repeat that," and "Stand up, please," the Student Senate managed to acquire new privileges such as having a coke machine in the front lobby. Controversial issues inevitably ended up in the capable hands of Mr. Barnes who "only had a few words to say." The vote was taken and Dick's "Nay" always led to more discussion which usually lasted until the bell forced the meeting to an end. Respectfully submitted,

Queen of Hearts

Melissa Wenzling was crowned the 1970 Queen of Hearts at an assembly held in her honor. The attendants representing their classes were Sherrine Brauning and Nancy Sample, Sophomore attendants; Beckie Muse and Nancy Wheat, Junior attendants; and Leslee Bright and Mary Ann Armacost, Senior attendants.

Entertainment was provided by the Stage Band and an appropriate play entitled "Spring Scene." With Wayne plucking at the piano keys, Carl forgetting the words and the Joint Possession testing the auditorium acoustics, the assembly proved to be a great success. But this was only a prelude to the fabulous time which everyone enjoyed the following evening at the annual Queen of Hearts Dance.

Health Careers Club

O. K. You may have heard that a Health Careers Club meeting is a very *meet-ing* meeting! It IS. And although there are moments of confusion as the members handle robes at Christmas concerts, the real purpose of Health Careers Club comes to light in projects such as sponsoring the Easter Lily Parade, volunteering for hospital work at Carroll County General Hospital, and preparing tray favors for the patients at Rosewood. H.C.C. has two state officers this year: Sue Hayes—historian and Donna Ensor—secretary. The unsung heroes of the year are J. R. Every year one person is responsible for gathering names of students who wish to get out of class to teach their little sisters and brothers. ("Sue, can I teach?") Every year the FTA sponsors the Backwards Dance in the spring. ("O.K. Belinda, about the Backwards Dance...") Every year there is a financial crisis. (Did everyone pay her dues?) Every year FTA invites distinguished speakers to discuss careers in education. Who can ever forget Mr. Baile with his psychedelic slide show? And every year FTA plunges forward with its famous cry of "any cookies left?" On to the future.

Having trouble in Chemistry? Nothing is starting to gel? Things don't jive? Well, don't get overwhelmed by those amMONia fumes. There's still hope for you from those few who by some miracle understand what they are doing in Chemistry. You're always welcome to see the Chem Aids who can help you with your struggles.

Lab

Assistants

Mr. Sobak's right hands . . . This gang is responsible for keeping the Chems Department "ship shape." Without the Lab Assistants there wouldn't be any fun experiments because there wouldn't be anyone to help you with your bumbling Lab Techniques or those sweet-smelling chemicals so you can do a "good job" with your experiment.

Rocketeers

"Safety is GO. Panel is armed. Time is running. T-minus 5, 4, 3, 2, and 1. Ignition. Liftoff!" So bellows the loudspeaker; warning everyone that the mad rocketeers are down at the pad. No, not really mad; despite what you've heard. Safety and science are the keynotes of the club, and the promotion of these two areas of concentration are their goal. So, more power to these FSA's—Future Scientists of America.

Projection Club

These students step in the lime-light when it's show time in the classroom. They are appreciated not only by the teachers, but also by the students as we take a break from the ordinary routine for some visual aid as well as mental relief.

Library Assistants

Much credit should go to our Library Assistants who willingly sacrificed their study periods to come to the aid of Mrs. Peck. They can be found working laboriously behind the main desk, checking out books, and adding a few minutes onto library passes so that we can make a quick trip to the lavatory before returning to class. Their help is much appreciated by the students as well as Mrs. Peck.

Stage Crew—Which way is up? This very active group loves to swing on ropes. They always get the show on the road. Ralph has a knack for setting up props, especially trees. Through assembly after assembly these guys have learned how to stir their stumps! Sam Luther, Bill Smith, Ralph Spencer, Kevin Manseau, Andy Rebert, "Mike" Eaton, and Randy Smith.

On The Stage

"You can't take it with you," so live for today, baby—As the tense moment for showtime approached, the crowd went wild! Up to that time we slaved daily without a bite, laugh, or line. Mrs. Cole, our effervescent director, never lost her cool, and thoroughly relished "spectating" our polished talents at rehearsals. This gratifying experience was also shared by Mrs. Hackmann. We, (the cast), learned a few new tricks, such as "peas and carrots," and tilting the gourmet machines in the men's teachers gallery. But, all in all it was a beneficial experience; carving out the innermost selves of the cast—and the supervisors! Tim Raver, Maura Sellman, Linda Collison, Rick Jimenez, Bernie Blickenstaff, Susi Martin, Diane Sackett, Mike Sipes, Kathy Sharon, Steph Curran, Eddie Pond, Francois Derasse, Mike Hagan, Gary Myers, Steve Bowman, Doug Chandler.

An organization famed for its annual initiations and the "elbow grease" of its members (to keep those trophies clean and polished, of course), V.L.C. is a group whose service to the school's athletic program is invaluable. Keeping athletic records and manning the refreshment stand at basketball games and wrestling matches are but two of the talents of these "athletes at work." And on the feminine side . . . Onions, fish eyes, high-topped sneakers, long skirts, and rubber bands (or scotch tape)—these make a GAB'er. Do you think those towels wash and fold themselves?? About those thrilling intramurals—what would they be without competent, impartial, highly professional GAB refs? GAB, the backbone of the girls' sports establishment, even provides the safety pins to help keep the bloomers of GAB-purchased uniforms from falling off our teams! GAB always owes much of the success of its programs—including Sports Carnival—to its sponsor, Mrs. Lauterbach.

Key Club

The Westminster High School Key Club, under the guidance of Mr. Eaton, has again proven itself to be one of the most outstanding service organizations in the school and community. Although the work was hard, we have to admit that it was a lot of fun. We have all grown through this experience in many ways.

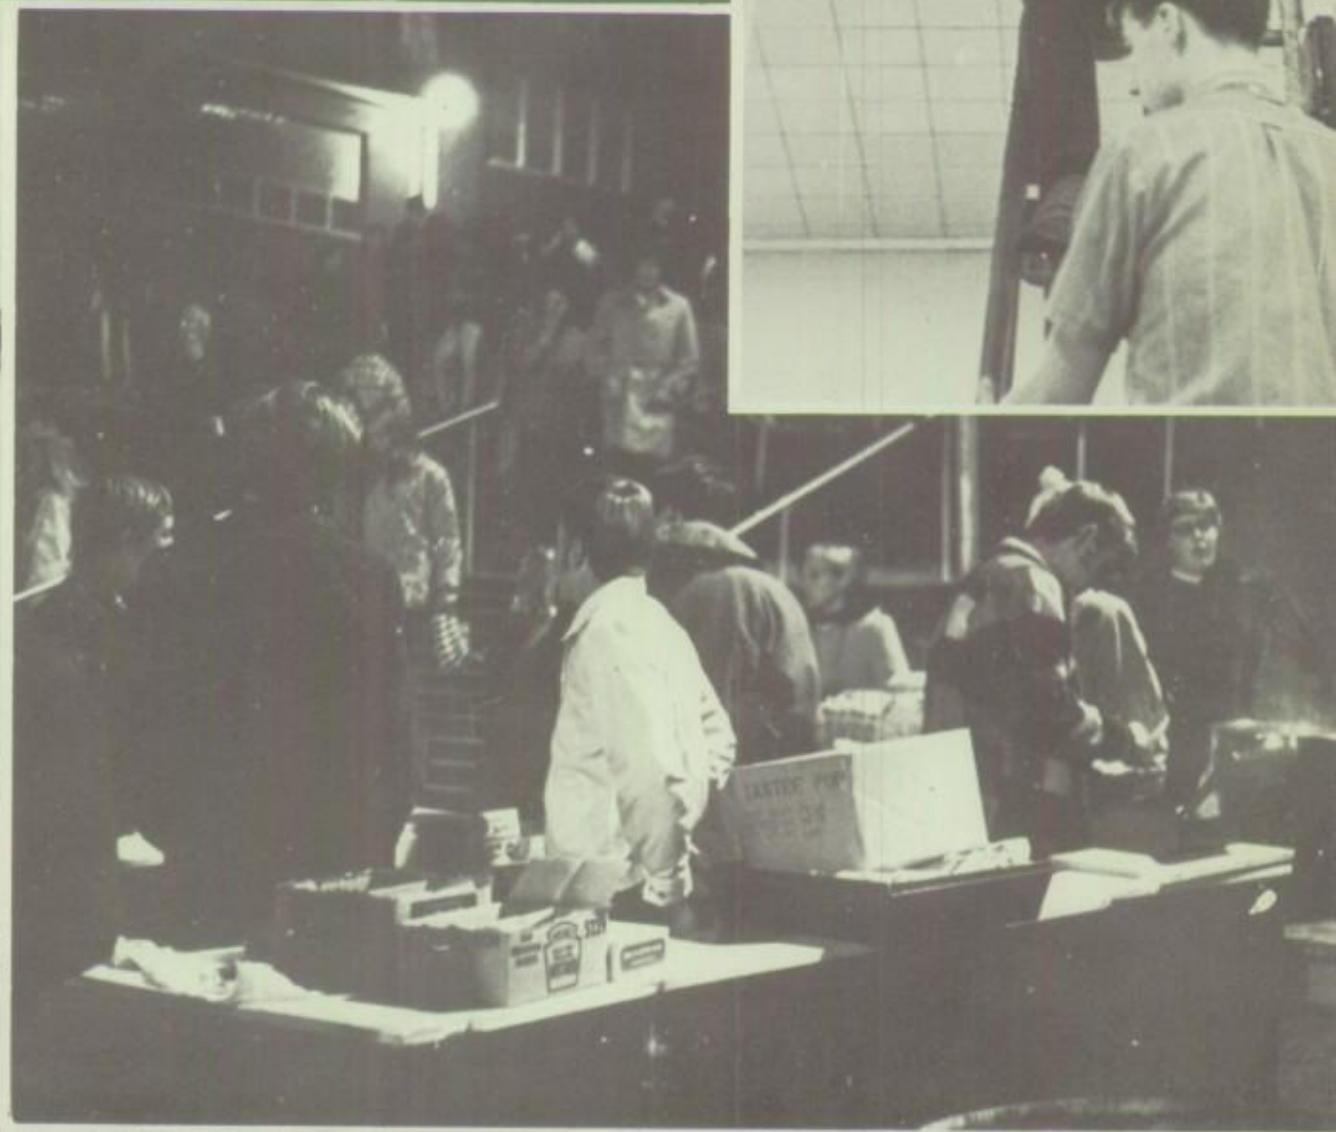

Every Friday night during the fall, the presence of Key Club was felt through the cold hot dogs and salty popcorn, passed off on unsuspecting victims by the expert salesmanship of the "Socked Phantom's" gang. And who can forget that destructive thrill we all felt when we smashed that Corvair, under the pretense of school spirit? We all worked long, frantic hours to make the Football Formal a success. Even Mr. Barnes helped by cutting out paper dolls for the decorations. All our efforts paid off, because the dance was a tremendous success right down to the bottom of the punch.

With the Yuletide season upon us, and filled with Christmas spirits, we carried on all our usual Holiday affairs. Spreading goodwill, we visited our Key Club brother down south; a warm experience we will never forget.

Spring was highlighted by another spectacular presentation of ballet at its finest, and acting at its worst; The Key Klub Kapers. Upholding its obligation as a service organization, Key Clubbers sponsored the senior mug sales; warming the hearts of all. SPIRITS!!!

To sum it all up, the annual district convention was an experience that no Key Klubber could ever forget, nor would anyone let him.

We hope that next year's Key Club will keep up our high traditions and good reputation, thus proving itself a valuable asset to all.

Christmas Concert

A choir of voices could be heard from the main hall singing "Beside Thy Cradle." The traditional warm-up song for the Christmas Chorus began the annual concert. Of course some people just couldn't keep quiet; "I'll hold the candle going in and you can carry it out," "Hey, our candle won't light," "Shh . . ." We all looked like angels in those saintly white robes, but that was deceiving. Finally, as each person took his place below the stage, dear Mr. Sell smiled at us as if to say, "You can do it, so DO IT!" The heat was overwhelming, but somehow we managed to survive the faint spells. Of course there were those few who due to extreme happiness could not hold their candle without dropping! Through some miracle the concert was a real success and at the end Mr. Sell wiped his head sighing, "It couldn't have been much better."

Christmas Play

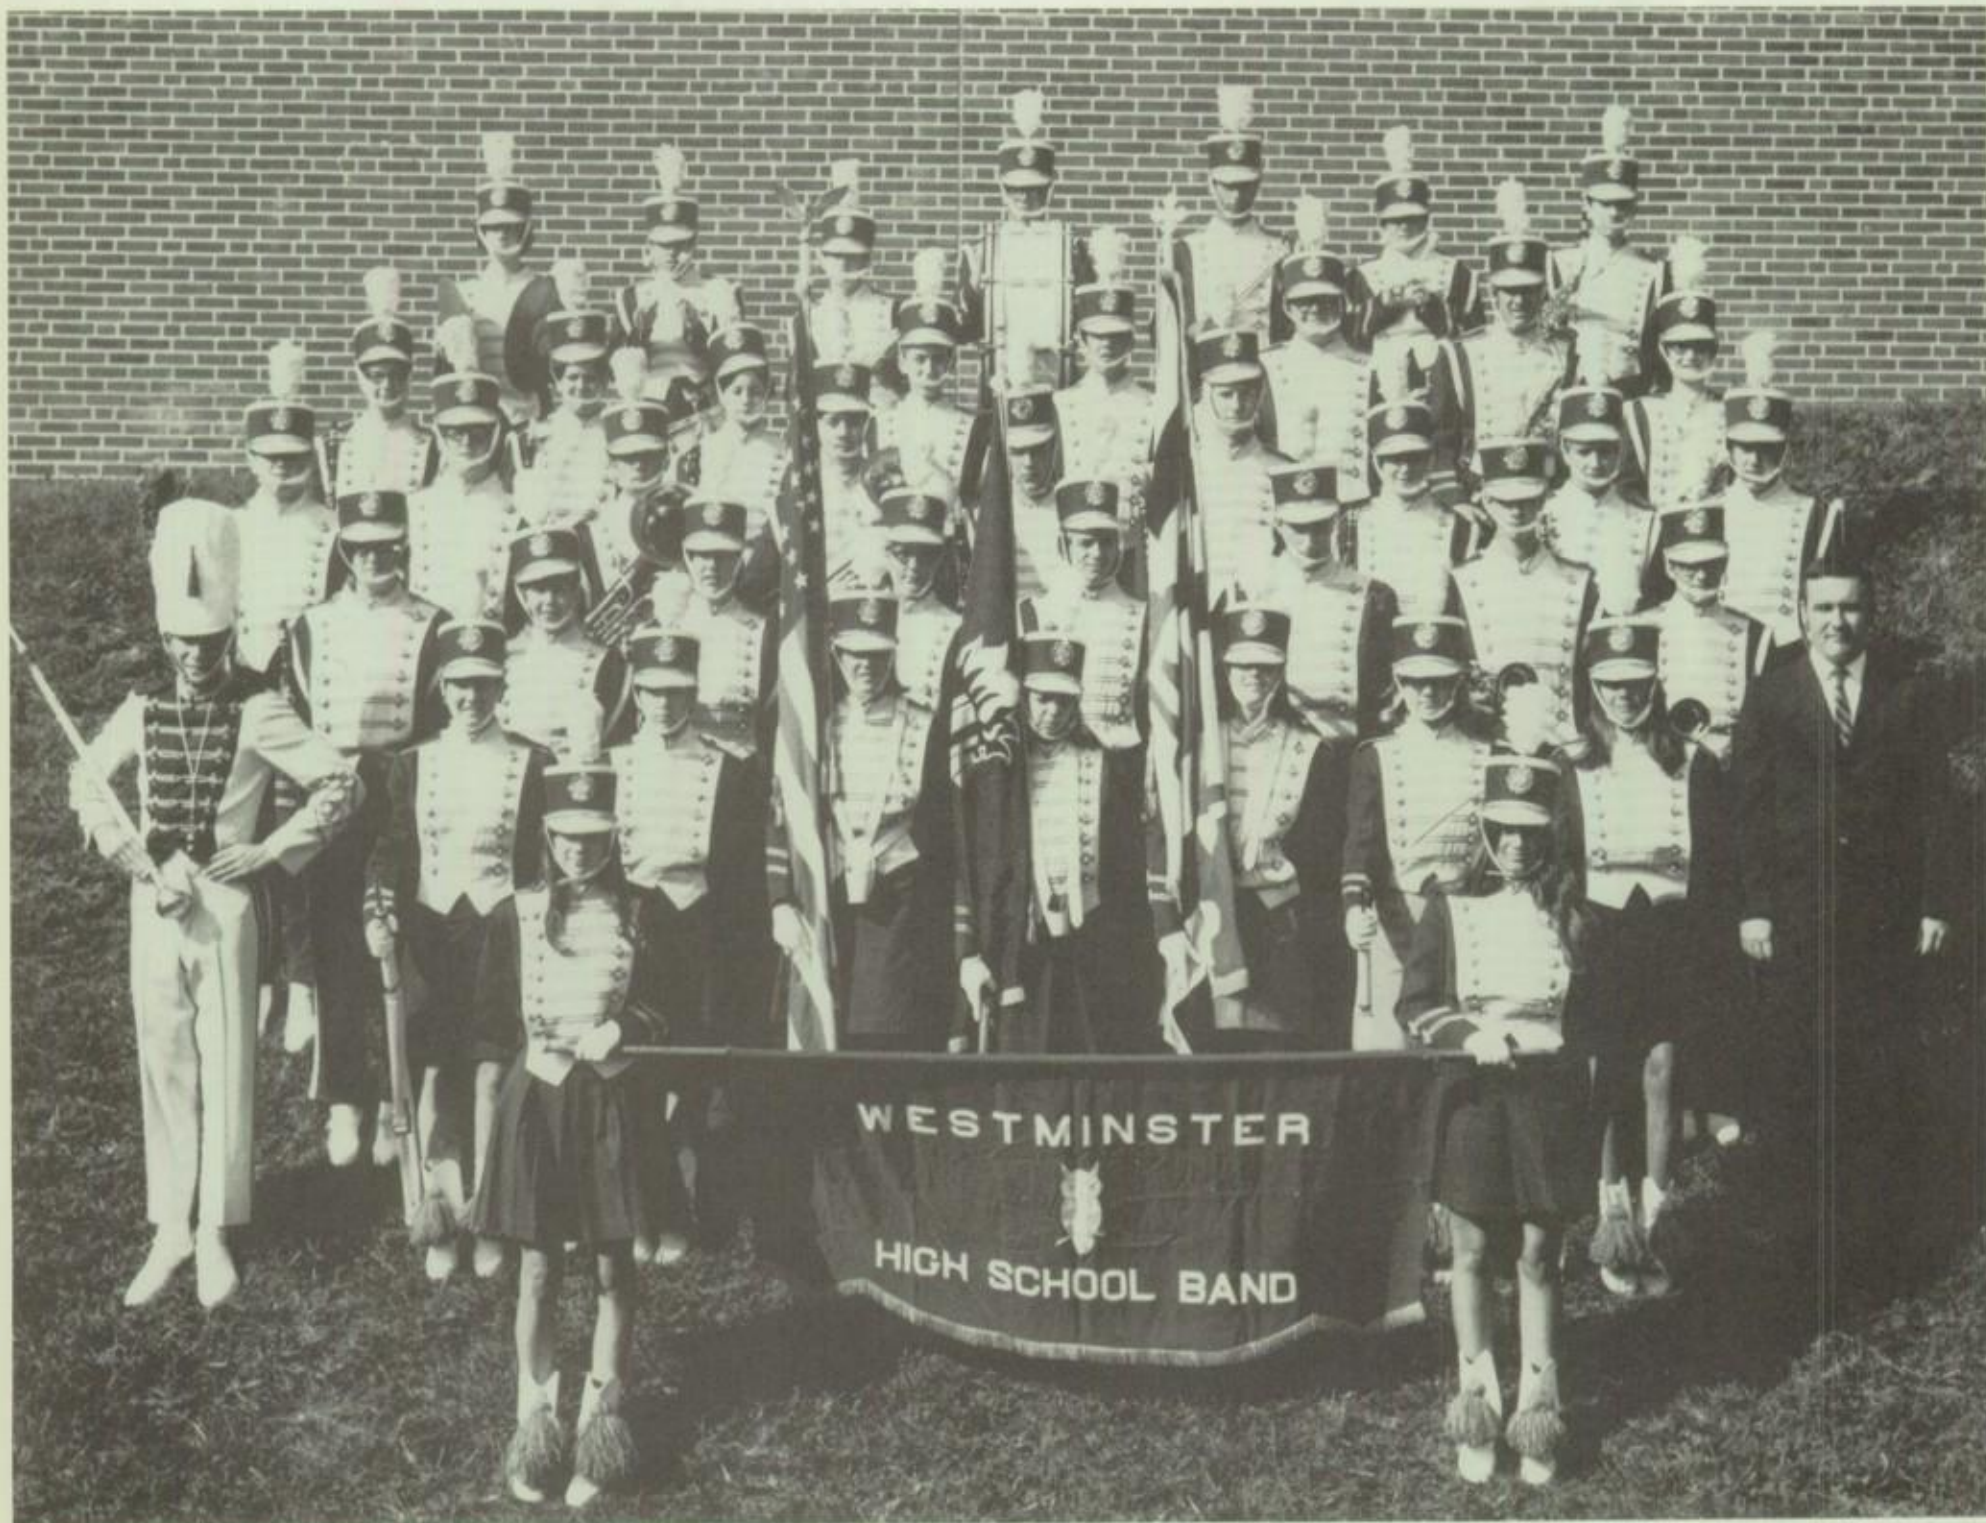

After the performance of the Christmas Chorus and the Sophomore Chorus an inspirational play was presented. The play was entitled "Half-way House To Heaven," commonly known as "Saint's Return."

“High-stepping, high-spirited WHS Band”

The members of the band have taken a few rare minutes of their busy schedule to line up for you. Never has the WHS band been so active! Traveling to away football games, giving performances there, aiding the cheerleaders with some cheers, playing in parades and presenting concerts are just a few things our band has done. You might have seen members of the band and their parents at our local shopping centers soliciting donations for new band uniforms.

This year a campaign for new band uniforms began and along with it came an effort to show the school the importance of supporting our band. The man who launched this campaign was Mr. Stimmel, a man of average height but not of average quality and talents. His leadership has shown throughout the year, making this year one of the most musical in the band's history. One shouldn't have any difficulty in remembering that high-stepping, and high-spirited band.

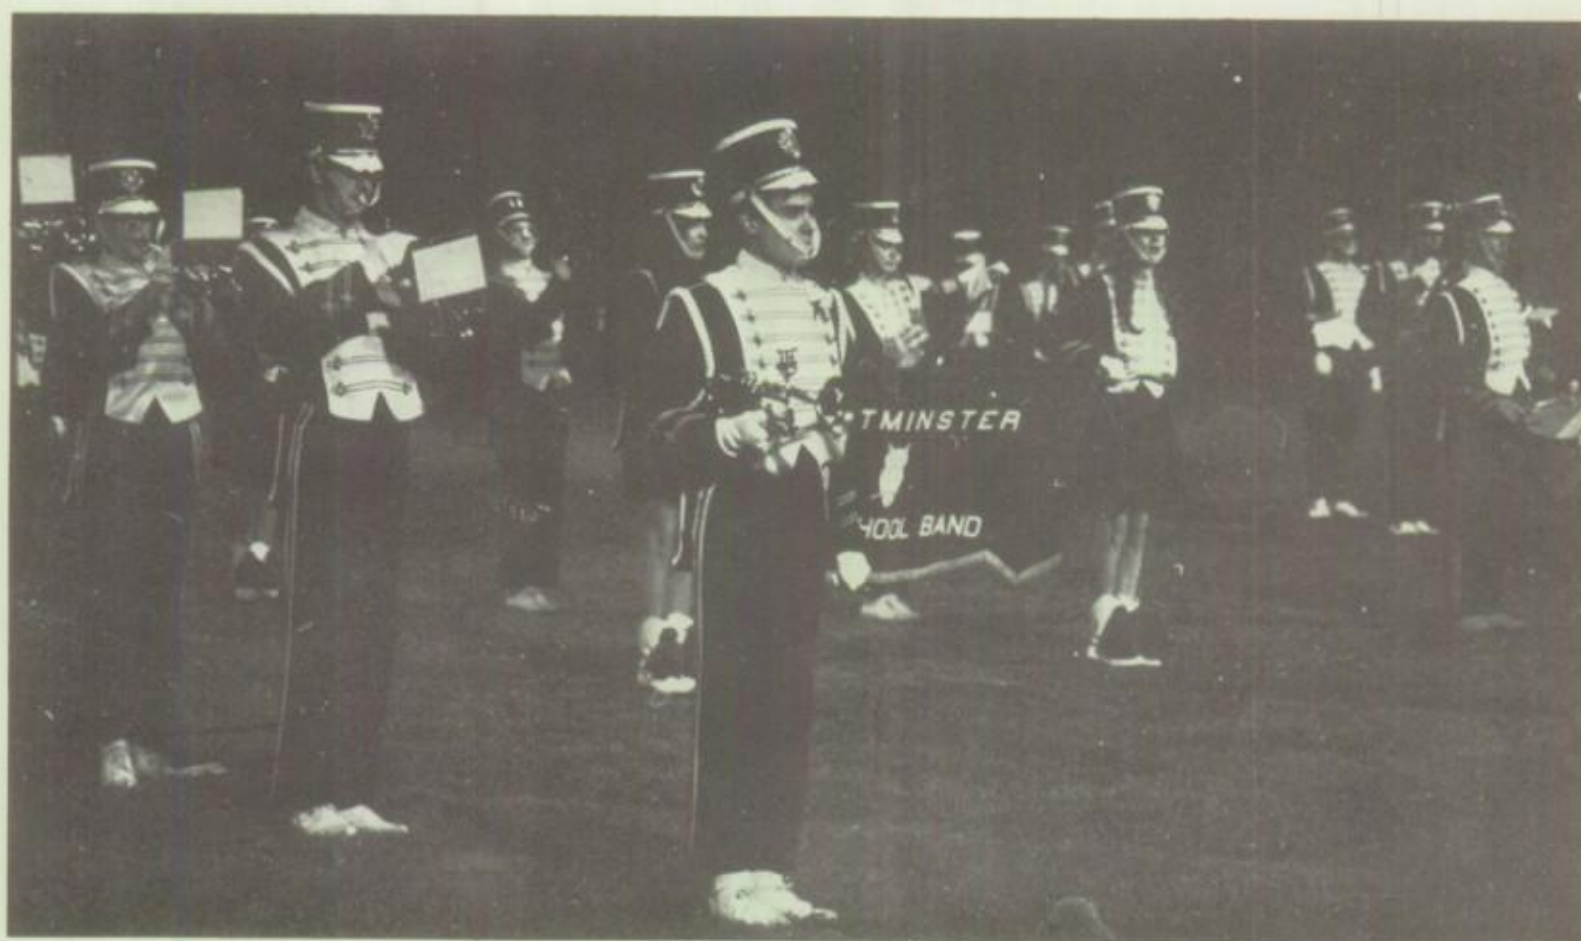

The making of a WHS Band performance.

Ask any member of the band about the preparation that goes into giving a performance and he could probably talk for hours. Here, some of the members are seated in the stands ready to practice and serenade some of the afternoon classes

Look beyond the handsome characters at the fence and you'll see our band seated in the stands some watching the game, others talking and still others getting ready for the field performance.

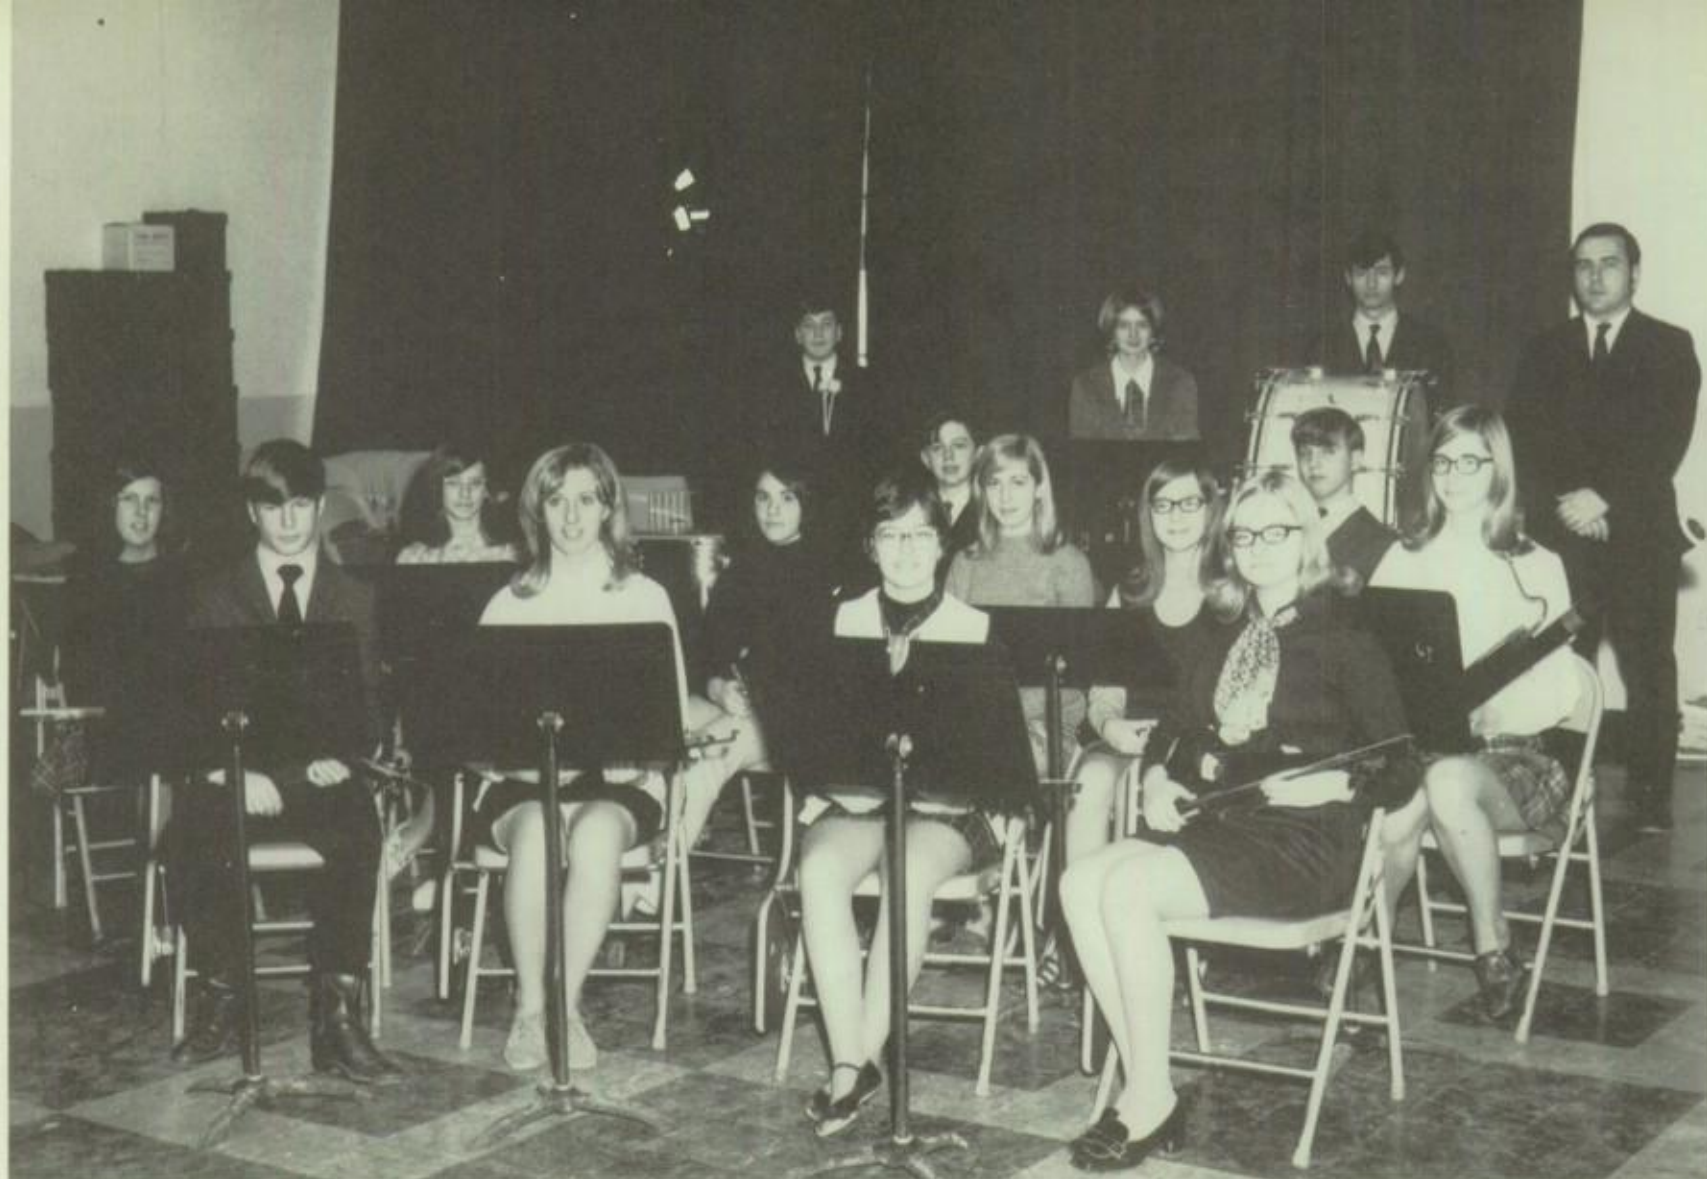

Hey, everybody let's get up! It's almost *that* time. Think I'll try a couple toots on my clarinet.

At 4 minutes, 33 seconds to go the WHS band is lined up ready to really "sock it to 'em"—the spectators that is. You can see Drum Major Dean Brewer has the band well under control.

The Finished Product—A Great Performance.

Deadlines; always deadlines:

Once a month the presses roll in Room 13. Twenty-two seniors roam the halls for new flashes all to be scrambled in 3 days for another 6-pager. The Owl Box in library—give a hoot—the Safety Slogan Contest all served to rally the Student Body in an effort to gain their support. Thoughts turned to hearts and flowers as the Annual Queen of Hearts Dance and Assembly approached. The Assembly was held Friday the 13th. Traditional crowning of the queen and court announcements were made. The Dance was held on February the 14th and featured the Seven See. Staff were successful in all their work. A new feature added to the newspaper was the Valentine Messages which was published in the Feb. 13th edition.

YEARBOOK STAFF 1970

We fail?? This year's staff has proven their ambition overleaps itself with the addition of 30 pages, color divider pages, and new literary achievements; all this for the price of \$3.50. Our ambition continues with the raising of \$3500 from our ad campaign and hopes for a supplement.

Tomorrow and tomorrow and tomorrow we crept in our petty pace from deadline to deadline. What light from yonder window breaks ... 'twas the staff working in Pinky's basement and the CCCP. Too cruel anywhere! We thought we heard a voice speak Sleep No More. Deadlines do murder sleep.

Monday after school in Room 110 as Pinky stands before us and speaks "So foul and fair a day, I have not seen such a meeting." The chorus of staff members reply, "Fie my lord, fie." Can the devil speak true?! Mrs. Corbitt our faithful advisor, none can call her power to account. Hence, horrible deadline unreal mockery hence. Nought's had and all's spent. O proper staff—Until thou applaud the deed. (Apologies to Wm. Shakespeare)

Miss Belinda Yingling crowned Football Favorite of 1969.

Football Formal

Was the punch bowl spiked?? ... We'll never know, so who cares. There were tears and laughter enough when Miss Belinda Yingling was crowned Football Favorite by the 1969 Owl Football Team, and when Mr. Eaton poured the punch. The Illuminati played while chaperones held hands over their ears. Mrs. Head was presented with flowers, trophies were awarded and Chuck Lewis kissed all the pretty girls. Everyone enjoyed themselves under the light of the traditional crystal ball and the dance was a true success.

Epilogue

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore whatever you conceive Him to be, and whatever your labors and aspirations in the noisy confusion of life keep peace with dreams, it is still a beautiful world. Be careful. Strive to be happy.
